RECOMMENDED FOR ADOPTION

(1) RESOLUTION 105 - NATIVE AMERICAN MEDICAL DEBT

RECOMMENDATION:

Resolution 105 be adopted.

MSS ACTION: Resolution 105 adopted.

ORIGINAL LANGUAGE:

RESOLVED, that our American Medical Association support federal legislation requiring credit reporting agencies to remove information on the credit reports of Indian Health Service (IHS) beneficiaries that relate to debts or collections activities for medical services that should have been paid by the IHS.

VRC testimony was supportive of the resolution. Your Reference Committee agrees with testimony that the resolution is novel, has a strong evidence base, and is timely, given recent efforts in the House of Representatives to amend the Fair Credit Reporting Act. Your Reference Committee recommends Resolution 105 be adopted.

(2) RESOLUTION 210 - OPPOSITION OF THE DECEPTIVE RELOCATION OF MIGRANTS AND ASYLUM SEEKERS

RECOMMENDATION:

Resolution 210 be adopted.

MSS ACTION: Resolution 210 adopted.

ORIGINAL LANGUAGE:

RESOLVED, that our American Medical Association oppose the relocation of migrants and asylum-seekers by state or federal authorities without timely and appropriate resources to meet travelers' needs, especially when deceptive or coercive practices are used; and be it further

RESOLVED, that our AMA support state and federal efforts to protect the health and safety of traveling migrants and asylum-seekers and investigate possible abuse and human rights violations.

1 VRC testimony was supportive of the resolution. Your Reference Committee agrees with
2 testimony that the resolution is novel and well-supported. Your Reference Committee
3 recommends Resolution 210 be adopted.

4
5 (3) RESOLUTION 425 - SUPPORT OF UNIVERSAL SCHOOL MEALS FOR
6 SCHOOL AGE CHILDREN

7
8 **RECOMMENDATION:**

9
10 **Resolution 425 be adopted.**

11
12 **MSS ACTION: Resolution 425 adopted.**

13
14 **ORIGINAL LANGUAGE:**

15
16 RESOLVED, that our American Medical Association advocate for federal and state efforts
17 to adopt, fund, and implement universal school meal programs that include the provision
18 of breakfast and lunch to all school-aged children, free of charge to families, regardless of
19 income.

20
21 VRC testimony was very supportive. Your Reference Committee agrees with testimony
22 that this resolution is novel and has a strong evidence base. Your Reference Committee
23 recommends Resolution 425 be adopted.

24
25 (4) RESOLUTION 601 - ADVISORY COMMITTEE ON TRIBAL AFFAIRS

26
27 **RECOMMENDATION:**

28
29 **Resolution 601 be adopted.**

30
31 **MSS ACTION: Resolution 601 adopted.**

32
33 **ORIGINAL LANGUAGE:**

34
35 RESOLVED, that our American Medical Association: (1) establish an Advisory Committee
36 on Tribal Affairs composed of AMA members who themselves identify as American Indian
37 and Alaska Native (AI/AN) or have direct experience or close professional relationships
38 with AI/AN communities (e.g., members of ANAMS and AAIP) or the Indian Health Service
39 to advise the Board of Trustees on how to implement policy specific to AI/AN communities;
40 and (2) promote and foster educational opportunities for AMA members and the medical
41 community to better understand the contributions of AI/AN communities to medicine and
42 public health, including cultivating a rich understanding and appreciation of AI/AN
43 perspectives on health and wellness.

1
2 VRC testimony was very supportive. Your Reference Committee agrees with testimony
3 that this resolution is important and that an AI/AN Advisory Council will help our AMA
4 take appropriate action for policies regarding this population. We agree with testimony
5 that this resolution is novel and feasible. Your Reference Committee recommends
6 Resolution 601 be adopted.

7
8 (5) GC REPORT C - BIENNIAL REVIEW OF ORGANIZATIONS SEATED IN THE
9 AMA-MSS ASSEMBLY

10
11 **RECOMMENDATION:**

12
13 **GC Report C be adopted.**

14
15 **MSS ACTION: Substitute GC Report C adopted in lieu of GC Report**
16 **C.**

17
18 **FINAL LANGUAGE:**

19
20 **Thus, your MSS Governing Council recommends that the following**
21 **recommendations be adopted and the remainder of this report NOT**
22 **be filed:**

23
24 **That our AMA-MSS recognize the following national medical student**
25 **organizations as newly seated organizations with voting privileges in**
26 **the AMA-MSS Assembly: Medical Students with Disability and**

41
42 be consolidated into the new MSS position:

43 Abortion and Contraception Access

- 1 The AMA MSS asked the AMA to:
- 2 (1) Recognize that policies and legislation that limit access to abortion care are serious
 - 3 threats to public health;
 - 4 (2) Support explicit codification of protections for abortion care into federal law;
 - 5 (3) Oppose legislation, regulation, and other efforts to deny full reproductive autonomy
 - 6 or interfere with medical decision making and the physician-patient relationship;
 - 7 (4) Opposes the criminalization of self-managed abortion and the criminalization of
 - 8 patients who access abortions, efforts to enforce criminal and civil penalties or other
 - 9 retaliatory efforts against patients and requirements that physicians function as agents of
 - 10 law enforcement, and attempts by the U.S. Department of Justice to subpoena medical
 - 11 records in cases involving abortion;
 - 12 (5) Condemn violence directed against abortion clinics and family planning centers as
 - 13 a violation of the right to access health care;
 - 14 (6) Oppose all restrictions on public funding for reproductive healthcare, including
 - 15 contraception and abortion, both domestically and abroad;
 - 16 (7) Support global humanitarian assistance for comprehensive reproductive health
 - 17 services, including contraception and abortion;
 - 18 (8) Support continued funding efforts to address the global HIV epidemic and disease
 - 19 prevention worldwide, without mandates determining what proportion of funding must be
 - 20 designated to treatment of HIV/AIDS, abstinence or be-faithful funding directives, or
 - 21 grantee pledges of opposition to the exchange of sex for money or goods; and (2) extend
 - 22 its support of comprehensive family-life education to foreign aid programs, promoting
 - 23 abstinence while also discussing the role of safe sexual practices in disease prevention.
 - 24 (9) Support guaranteed coverage of evidence-based abortion services without
 - 25 barriers by all public and private payers, designation of abortion services as an essential
 - 26 health benefit, and collaboration with state medical societies and other interested parties
 - 27 to achieve these goals;
 - 28 (10) Oppose restrictions on physicians and other health professionals who provide
 - 29 abortion care from participating in or being reimbursed by federal and state funded or
 - 30 subsidized health coverage;
 - 31 (11) Support mifepristone availability for reproductive health indications, including via
 - 32 telemedicine, telehealth, and at retail pharmacies and the FDA's removal of mifepristone's
 - 33 Risk Evaluation and Mitigation Strategy;
 - 34 (12) Support equitable education on and access to all forms of evidence-based
 - 35 contraception, including emergency contraception and coverage for long-acting reversible
 - 36 contraception device and placement by all public and private payers (including immediate
 - 37 postpartum and post-abortion settings with separate billing from global obstetric fees);
 - 38 (13) To urge print and broadcast media to permit advertising and public service
 - 39 announcements regarding contraception and safe sexual practices;
 - 40 (14) Encourage discussion of pain control options, risks, and benefits with patients as
 - 41 part of the shared decision-making process (due to disparities in pain management for
 - 42 gynecological procedures compared to procedures of similarly reported pain) and support
 - 43 research on evidence-based anesthetic and anxiolytic options for long-acting reversible

1 contraception procedures and other gynecological procedures, including but not limited to
2 colposcopy, endometrial biopsy, and LEEP procedures;

3 (15) Support that pregnant women with decision-making capacity have the same right
4 to refusal of treatment through advanced directives as non-pregnant women;

5 (16) Establish a list of Essential Reproductive Health Services, and advocate for
6 requirements for healthcare organizations to clearly publish online and at points of service
7 which Essential Reproductive Health Services are available or restricted at the
8 organization, including referral information for patients regarding other providers that offer
9 these services within the same coverage area;

10 (17) Advocate that any entity offering crisis pregnancy services (sometimes deceptively
11 known as “pregnancy counseling centers”) fully and publicly disclose all information
12 regarding medical services, contraception, termination of pregnancy or referral for such
13 services, adoption options, or referral for such services that it does or does not provide,
14 as well as any financial, political, or religious associations and their level of compliance
15 with all federal and state laws, including licensing standards and privacy requirements;

16 (18) Discourage marketing, counseling, or coercion (by physical, emotional, or financial
17 means) by any entity offering crisis pregnancy services that aim to divert or interfere with
18 a patient’s pursuit of medical care;

19 (19) Oppose all public funds for entities offering crisis pregnancy services that do not
20 provide evidence-based medical information and care to patients.

21
22 And furthermore, our AMA-MSS:

23 (1) supports federal and state efforts to allow appropriately trained and credentialed non-
24 physician clinicians to perform first-trimester medical and aspiration abortions;

25 (2) supports requirements that all medical institutions provide medically accurate
26 information on the full breadth of reproductive health options available for patients,
27 including all evidence-based contraception and abortion, emergency care patients
28 (including during and after miscarriages, abortions, and diagnosis of nonviable pregnancy)
29 and fertility services, regardless of the institution’s willingness to perform any of these
30 services, and disclosure of this information to all clinicians employed or seeking
31 employment at the institution;

32 (3) supports prompt and timely referral of patients to accessible healthcare providers
33 (within the same coverage area) offering reproductive services sought by the patient,
34 when a healthcare provider refuses to provide such care and while avoiding any undue
35 burden to the patients;

36 (4) opposes all restrictions (including by health facility) that may hinder patients’ timely
37 access to accepted standard of care in both emergent and non-emergent cases of non-
38 viable pregnancy; and

39 (5) opposes the ability of guardians or petitioners to obtain non-therapeutic sterilizations
40 (eg, not for menstrual problems or pregnancy prevention) for patients with disabilities or
41 other patients placed at a power differential.

42
43 RESOLVED, the following MSS Positions:

- 29

30 be consolidated into the new MSS position:

31 Comprehensive Sexual Education

32 The AMA-MSS:

- 33 (1) Supports age-appropriate comprehensive sexual education;
- 34 (2) Supports the development of programs to teach self-breast examinations and
- 35 testicular self-examinations to high school students and encourages county medical
- 36 societies to assist local high schools in implementing such programs;
- 37 (3) Opposes requiring parental notification of contraceptive care provided to minors;
- 38 (4) Providing accurate and balanced information on the effectiveness, safety and
- 39 risks/benefits of contraception in all public media;
- 40

41 Furthermore, our AMA-MSS asked the AMA:

1 (1) To reaffirm its policy to reiterate that HIV and STD prevention education must be
2 comprehensive to incorporate safer sex strategies including condom use, not just
3 abstinence, and that these programs be culturally sensitive to the LGBTQ+ community;

4 (2) To actively oppose increasing federal and state funding for abstinence-only
5 education, unless future research shows its superiority over comprehensive sex education
6 in terms of preventing negative health outcomes;

7 (3) To support the incorporation of information on adoption, sexual violence
8 prevention, dental dams, and other barrier protection methods, and culturally competent
9 materials that are language concordant for Limited English Proficiency (LEP) pupils into
10 public school sex education or family planning curricula;

11 (4) Support efforts in the mass media, schools, and communities to make abstinent
12 sexual behavior more socially acceptable and to help students develop the skills and self-
13 confidence they need to restrict their sexual behavior; and this support will include efforts
14 to increase funding and policies at the local, state and federal levels, though not
15 necessarily at the expense of existing policies and encourage school districts to adopt sex
16 education curricula that have a proven record of reducing teenage sexual activity;

17 (5) Support public health education relating to emergency contraception pills (ECPs)
18 by working in conjunction with the appropriate specialty societies and organizations to
19 encourage the widespread dissemination of information on ECPs to the medical
20 community, women's groups, health groups, clinics, the public and the media;

21 (6) To support the development of programs to teach self-breast examinations to
22 female high school students and testicular self-examinations to male high school students
23 and encourage county medical societies to assist local high schools in implementing such
24 programs;

25 (7) To strongly urge existing school health education programs to emphasize the high
26 incidence of human papillomavirus and to discuss the importance of routine pap smears
27 in the prevention of cervical cancer;

28 (8) To encourage physicians to educate their patients, particularly those of age 50 and
29 older, on safe-sex practices and on the risk of sexually transmitted infections.

30
31 and be it further

32
33 RESOLVED, the following MSS Positions:

9
10 be consolidated into the new MSS position:

11 Reproductive Care in Medical Education

12 Our AMA-MSS:

13 (1) Supports gender-neutral language with regards to reproductive rights including but
14 not limited to menstrual products in medical education, clinical training, and clinical
15 practice;

16 (2) Supports training for healthcare providers that includes de-gendered language and
17 inclusivity for various period products to better understand the needs of all persons who
18 menstruate;

19 (3) Encourages medical schools to incorporate lactation management education into
20 the medical school curriculum where appropriate;

21 (4) Supports education on termination of pregnancy issues be included in the medical
22 school curriculum;

23 (5) Supports that LCME- and COCA-accredited institutions develop minimum content
24 requirements in LGBTQ+ health curricula, including relevant terminology, health
25 disparities, taking a comprehensive sexual history, developing inclusive clinical
26 environments, gender-affirming care for transgender and nonbinary patients, gender-
27 affirming physical exam skills, sexual health safety and satisfaction, and intersectional
28 experiences of LGBTQ+ people;

29 (6) supports our AMA working with the Accreditation Council for Graduate Medical
30 Education to protect patient access by advocating for preservation of accreditation
31 requirements for family medicine residencies in reproductive health topics, including
32 contraceptive counseling, family planning, and counseling for unintended pregnancy.

33
34 Furthermore, our AMA-MSS asked the AMA to:

35 (1) Support the training of all primary care providers in the area of preconception
36 counseling;

37 (2) Encourage relevant specialty organizations to provide training for physicians
38 regarding (i) patients who are eligible for immediate postpartum long-acting reversible
39 contraception, and (ii) immediate postpartum long-active reversible contraception
40 placement protocols and procedures;

41 (3) Encourage all medical schools to train medical students to be able to take a
42 thorough and non-judgmental sexual history in a manner that is sensitive to the personal

1 attitudes and behaviors of patients in order to decrease anxiety and personal difficulty with
2 sexual aspects of health care;
3 (4) Issue a public service announcement that encourages patients to discuss
4 concerns related to sexual health with their physician and reinforces the AMA's
5 commitment to helping patients maintain sexual health and well-being;
6 (5) Support regular cancer and sexually transmitted infection screenings in
7 transgender men when medically indicated;
8 (6) Support opt-out curriculum on abortion education.

21
22 be consolidated into the new MSS Position:

23
24 Increased Education and Access to Fertility Resources for U.S. Trainees

25 The AMA-MSS:

- 26 (1) supports the development of initiatives inclusive of sexual orientation and gender
27 identity by the Association of American Medical Colleges, American Association of
28 Colleges of Osteopathic Medicine, medical schools, residency and fellowship programs,
29 and other appropriate organizations in medical education that promote a culture that is
30 supportive of their medical students and trainees who are parents and to provide openly
31 and easily accessible guidelines and information to prospective and current students
32 regarding family planning including raising awareness about:
 - 33 (a) how peak child-bearing years correspond to the peak career-building years for
34 many medical students and trainees;
 - 35 (b) the significant decline in oocyte quality and quantity and increase in miscarriage
36 and infertility rates, with increasing age in medical students and trainees;
 - 37 (c) the high rate of infertility among medical students, trainees, and physicians;
 - 38 (d) various fertility preservation options and including cryopreservation of oocytes and
39 sperm and associated costs; and work with relevant organizations to increase access to
40 strategies by which medical students and trainees can preserve fertility (such as
41 cryopreservation of oocytes, sperm, and embryos), with associated mechanisms for
42 insurance coverage;

1 (e) breastfeeding policies, accommodations during pregnancy, and resources for
2 childcare that span the institution and surrounding area;

3
4 (2) urges academic and private hospitals and employers to offer counseling for family
5 planning options such as gamete cryopreservation and in vitro fertilization, for medical
6 residents, fellows, and physicians.

7
8 RESOLVED, the following MSS Positions be amended to summarize the spirit and convert
9 the request to past tense as applicable:

- 10 • 65.051MSS Cultural Leave for American Indian Trainees
11 • 295.197MSS Support for the Study of the Timing and Causes for Leave of
12 Absence and Withdrawal from United States Medical Schools
13 • 310.058MSS Reporting of Residency Demographic Data

14
15 VRC testimony was limited. Your Reference Committee thanks the MSS Governing
16 Council for their efforts on this report and appreciates the division of positions on
17 employment and educational leave. Your Reference Committee agrees that the resolve
18 clauses adequately retain the original spirit of the positions that were consolidated. Your
19 Reference Committee recommends GC Report E be adopted.

19 Be consolidated into the new MSS Position:

20 Gun Violence Is a Public Health Crisis

21 Our AMA-MSS recognizes that gun violence is a public health epidemic, and supports
22 evidence-based federal, state, and local approaches to reduce gun violence, including but
23 not limited to the following:

- 24 (1) universal background checks and a mandatory minimum 7-day waiting period for
25 people buying guns and/or ammunition through any medium, as well as the prohibition of
26 firearm sales to individuals for whom a background check has not been completed;
- 27 (2) strengthening of the National Instant Criminal Background Check System (NICS),
28 including opposing the destruction of any incomplete background checks for firearm sales
29 and advocating for public annual reporting by relevant agencies on inappropriate firearm
30 sales, including number of default proceed sales; number of firearms retrieved from
31 individuals after these sales through criminal investigations, across state lines, via or other
32 means; and average time passed between background check completion and retrieval;
- 33 (3) mandated reporting of patients with mental illnesses who pose a risk to themselves
34 or others and procedures by which physicians and other medical professionals, in
35 partnership with appropriate stakeholders, can contribute to the inception and
36 development of petitions to a court for firearm removal when a high or imminent risk of
37 violence is present;
- 38 (4) individualized violence risk assessments by mental health professionals , rather
39 than categorical exclusion criteria, in reports to state or federal authorities for firearm
40 background checks;
- 41 (5) expanding prohibitions on firearm purchases to include individuals subject to
42 domestic violence restraining orders, convicted stalkers, and persons charged with
43 domestic violence and intimate partner violence even if no legal relationship exists;

- 1 (6) prohibition of the inheritance, gifting, or transfer of ownership of firearms without
- 2 adhering to all federal and state requirements for background checks, waiting periods, and
- 3 licensure;
- 4 (7) prohibition of “multiple sales” of firearms, defined as the sale of multiple firearms
- 5 to the same purchaser within five business days;
- 6 (8) bans on the possession, unsupervised use, and purchase of firearms and
- 7 ammunition by youths under the age of 21;
- 8 (9) bans on the presence of firearms on school campuses;
- 9 (10) federal and state comprehensive safe storage laws and child access prevention
- 10 laws;
- 11 (11) evidence-based community firearm violence interruption programs and hospital-
- 12 based violence interruption programs;
- 13 (12) strict federal regulation of the manufacture, sale, importation, distribution, and
- 14 licensing of firearms and their component parts;
- 15 (13) bans on: a) the unregulated, non-commercial firearm manufacturing, such as via
- 16 3-D printing, regardless of the material composition or detectability of such weapons; and
- 17 b) the production and distribution of 3-D firearm blueprints;
- 18 (14) application of the same quality and safety standards to both domestically
- 19 manufactured and imported firearms;
- 20 (15) smart gun technology on all firearms that only allows the lawful owner to use the
- 21 weapon;
- 22 (16) use of taxes on firearm and ammunition sales to cover medical bills for victims of
- 23 handgun violence and to fund public education on violence prevention;
- 24 (17) requirements that packaging for any firearm ammunition produced in, sold in, or
- 25 exported from the United States carry a legible, boxed warning that includes, at a minimum
- 26 (a) text-based statistics and/or graphic picture- based warning labels related to the risks,
- 27 harms, and mortality associated with firearm ownership and use, and (b) explicit
- 28 recommendations that ammunition be stored securely and separately from firearms;
- 29 (18) restrictions on the use of deadly force by firearm under "Stand Your Ground" laws
- 30 when it can be reasonably avoided;
- 31 (19) development of guidelines by the Centers for Disease Control and Prevention, the
- 32 National Institute of Mental Health, the Associated Press Managing Editors, the National
- 33 Press Photographers Association, and other relevant organizations for media coverage of
- 34 mass shootings in a manner unlikely to provoke additional incidents;
- 35 (20) restrictions on guns and tasers in civilian healthcare delivery settings and
- 36 comprehensive training of security personnel focusing on patient safety and empathy; and
- 37 (21) refusal by all candidates for public office of contributions from any organization that
- 38 opposes public health measures to reduce firearm violence.

39
40 Our AMA-MSS asked the AMA to support many of these approaches as well and
41 furthermore asked the AMA to convene a task force for the purposes of working with
42 advocacy groups and other relevant stakeholders to advocate for federal, state, and local
43 efforts to end the gun violence public health crisis; identifying and supporting evidence-

1 based community interventions to prevent gun injury, trauma, and death; monitoring
2 federal, state, and local legislation, regulation, and litigation relating to gun violence; and
3 reporting annually to the House of Delegates on the AMA's efforts to reduce gun violence.

13 Be consolidated into new MSS Position:

14 Firearm Safety Education and Counseling

15 Our AMA-MSS asked the AMA to support evidence-based efforts to increase education
16 and patient counseling to reduce gun violence, including but not limited to the following:

17 (1) collaboration with relevant parties to increase firearm safety education, including
18 with firearm owners and training organizations to develop and distribute materials
19 appropriate for the clinical setting;

20 (2) the inclusion of gun violence epidemiology, firearm safety education, and patient
21 counseling strategies in undergraduate medical education and the development of
22 modules by the Association of American Medical Colleges, Agency for Healthcare
23 Research and Quality, and other relevant organizations, on topics including but not limited
24 to:

25 (a) inquiring as to the presence of household firearms as a part of childproofing the
26 home;

27 (b) educating patients to the dangers of firearms to children;

28 (c) encouraging patients to educate their children and neighbors as to the dangers of
29 firearms;

30 (d) routinely reminding patients to obtain firearm safety locks and store firearms under
31 lock and key;

32 (3) reimbursement structures that incentivize physicians to counsel patients on firearm
33 safety; and

34 (4) laws against the restriction of evidence-based firearm safety counseling by
35 physicians, other health professionals, and medical students.

36
37 VRC testimony was limited. Your Reference Committee thanks the Governing Council
38 for their efforts on this report and appreciates the division of positions on firearms. Your
39 Reference Committee agrees that the consolidations are thorough and preserve the
40 original asks of all positions consolidated. Your Reference Committee recommends GC
41 Report F be adopted.

26 the following strategies:

- 27 (1) supporting offering medical students free membership in the AMA and/or
28 constituent societies;
- 29 (2) stressing and distinguishing the benefits of membership on the national, state,
30 and county/local levels in recruitment materials;
- 31 (3) Collaborating with Region Leadership, Medical Student Outreach Program,
32 Marketing and Membership Experience staff and other appropriate AMA staff to:
 - 33 (a) encourage the development of local MSS chapters and state MSS
34 sections in medical schools and states where they do not exist;
 - 35 (b) involve highly organized MSS chapters and state sections in providing
36 organizational information and assistance to developing chapters and
37 sections;
 - 38 (c) encourage MSS chapters to maintain communication and interaction
39 between medical student members and physician members of county
40 and state medical societies; and
 - 41 (d) ensure every medical school designates a permanent position within
42 their local campus section to be responsible for matters pertaining to
43 membership recruitment and retention throughout the school year, and
44 that the local campus section provides the individual's name and contact
45 information to the MSS Governing Council, pertinent Region Leaders,
46 and AMA Medical Student Section Outreach Program when local
47 campus section leadership transitions, or at least annually.
 - 48 (e) support the collaboration between local chapters and allied medical
49 student organizations to increase underrepresented minority medical
50 student participation in the AMA-MSS including the creation of a local
51 DEI Chair and/or liaisons to national medical student organization
52 chapters at their local institution;
 - 53 (f) use peer-to-peer recruitment to identify and recruit students on an
54 individual basis that are enrolled in joint degree programs and who begin

26 Council for their work on this report and agrees that the consolidations appropriately
27 encompass the original positions. Your Reference Committee recommends GC Report
28 G be adopted.

30 (10) GC REPORT H - MSS ALCOHOL-RELATED POSITIONS CONSOLIDATION

32 **RECOMMENDATION:**

34 **GC Report H be adopted.**

36 **MSS ACTION: GC Report H adopted.**

38 **ORIGINAL LANGUAGE:**

40 Thus, your MSS Governing Council recommends that the following recommendations be
41 adopted and the remainder of this report be filed:

43 RESOLVED, the following MSS Positions:

- 44 ● 30.011MSS Expanding Transplant Evaluation Criteria to Include Patients that May
45 Not Satisfy Center-Specific Alcohol Sobriety Requirements
- 46 ● 370.019MSS Support for the Use of Evidence-Based Guidelines for Determining
47 Liver Transplant Waiting Periods in Alcohol-Related Liver Disease

48

1 be consolidated into the new MSS Position:

2 Supporting the Use of Evidence-Based Guidelines in Transplant Evaluation

3 AMA-MSS supports:

4 (1) Encouraging transplant centers to expand potential recipient evaluation criteria to
5 include patients that may not satisfy center-specific alcohol sobriety requirements on a
6 case-by-case basis;

7 (2) The use of evidence-based guidelines for determining liver transplant waiting
8 periods in alcohol-related liver disease; and be it further

9
10 RESOLVED, the following MSS Positions:

- 11 ● 30.003MSS Age Requirement for Purchase of Non-Alcoholic Beer
- 12 ● 30.005MSS Boating Under the Influence
- 13 ● 30.006MSS Support of Programs that Discourage Adolescent Alcohol
14 Consumption
- 15 ● 420.002MSS Substance Abuse During Pregnancy

16
17 be consolidated into the new MSS Position:

18 Supporting Education on the Health Risks of Alcohol

19 The AMA-MSS supports education on the health effects of alcohol, including but not
20 limited to:

21 (1) education on the dangers of alcohol and drug consumption for the safe operation
22 of recreational watercraft;

23 (2) working with adolescents to both raise awareness of the dangers of alcohol
24 consumption by minors as well as to curtail underage drinking in their local populations;

25 (3) efforts to educate the general public, especially adolescents, about the effects of
26 alcohol use disorder and substance use disorder on prenatal and postnatal development;

27 (4) efforts to educate the public and consumers relating to the alcohol content of so-
28 called "non- alcoholic" beverages and other substances, including medications, especially
29 as related to consumption by minors; and be it further

30
31 RESOLVED, the following MSS Positions:

- 32 ● 30.003MSS Age Requirement for Purchase of Non-Alcoholic Beer
- 33 ● 30.005MSS Boating Under the Influence
- 34 ● 30.007MSS Drunk Driving Prevention through Designated Driver Use Promotion
- 35 ● 30.008MSS Support for Medical Amnesty Policies for Underage Alcohol
36 Intoxication
- 37 ● 30.009MSS Sobriety Checkpoints
- 38 ● 30.010MSS Opposition to Alcoholic Industry Marketing Self-Regulation

39
40 be consolidated into the new MSS Position:

41 Supporting a Harm Reduction Approach to Alcohol Use

42 The AMA-MSS supports a harm reduction approach in policies related to alcohol
43 consumption, including but not limited to:

- 1 (1) urging businesses that serve alcohol to offer incentives such as free admission,
2 reduced food prices, and free non-alcoholic beverages to patrons who elect to be
3 designated drivers
- 4 (2) efforts among universities, hospitals, and legislators to establish medical amnesty
5 policies that protect underage drinkers from punishment when seeking emergency
6 medical attention for themselves or others, while discouraging underage use of alcohol.
- 7 (3) accurate and appropriate labeling disclosing the alcohol content of all beverages
8 including so-called "non-alcoholic" beer and of other substances as well, including over-
9 the-counter and prescription medications with removal of "non- alcoholic" from the label
10 of any substance containing any alcohol
- 11 (4) enforcement of regulations regarding boating under the influence of alcohol and
12 other drugs;
- 13 (5) the use of sobriety checkpoints to deter driving following alcohol consumption;
- 14 (6) working with state medical societies to pursue legislation to overturn bans on the
15 use of sobriety checkpoints;
- 16 (7) federal and/or state oversight for all forms of alcohol advertising

17
18 VRC testimony was limited. Your Reference Committee thanks the MSS Governing
19 Council for their efforts on this report and agrees the three consolidated positions
20 encompass the original positions. Your Reference Committee recommends GC Report
21 H be adopted.

22
23 (11) GC REPORT I - GUIDELINES FOR OFFICIAL OBSERVERS IN THE AMA-MSS
24 ASSEMBLY

25
26 **RECOMMENDATION:**

27
28 **GC Report I be adopted.**

29
30 **MSS ACTION: GC Report I adopted.**

31
32 **ORIGINAL LANGUAGE:**

33
34 RESOLVED, that our AMA-MSS will:

- 35
36 a) invite and consider observer applications from national student organizations that
37 have a vested interest in addressing issues in healthcare and public health, have a
38 majority student membership, and are expected to add a unique perspective or bring
39 expertise to MSS Assembly;
- 40
41 b) require applications to include the organization's rationale for observer status in
42 the MSS, any governing documents (or if unavailable, a description of the organization's

1 history, structure, operations, and activities), a list of all of the organization's sources of
2 financial support, and a list of all of the organization's affiliations with other entities;

3
4 c) require representatives of observer organizations to be students chosen in a fair
5 and equitable manner by their organization's leadership or membership and certified by
6 their organization's leadership;

7
8 d) allow observer representatives to present their organization's policies, opinions,
9 and interests at appropriate times in the MSS policy process and in the MSS Assembly
10 and report on MSS actions to their organization's leadership and membership; and

11
12 e) use a biennial review process to renew or terminate an organization's observer
13 status analogous to that used for national medical student organizations, with the
14 Governing Council making a recommendation to the MSS Assembly, who will vote to
15 make the final determination.

16
17 VRC testimony was limited. Your Reference Committee thanks the Governing Council
18 for their extensive efforts in this report and agrees that the recommendations of this
19 report fill a gap in current MSS positions due to the absence of guidelines as referenced
20 in MSS IOP 10.3.5.1. Your Reference Committee recommends GC Report I be adopted.

21
22 (12) CEQM COLA REPORT A – OPPOSING PRIVATE EQUITY ACQUISITIONS OF
23 HEALTHCARE PRACTICES

24
25 **RECOMMENDATION:**

26
27 **CEQM COLA Report A be adopted.**

28
29 **MSS ACTION: CEQM COLA Report A adopted.**

30
31 **ORIGINAL LANGUAGE:**

32
33 Your Committee on Economics & Quality in Medicine and Committee on Legislation &
34 Advocacy (COLA) recommend that the following recommendations are adopted in lieu
35 of Resolution 015 and the remainder of this report be filed:

36
37 RESOLVED, that our AMA-MSS oppose the acquisition of healthcare practices
38 by private equity (PE) firms, especially when such acquisitions are not
39 immediately necessary for the continued operations of such practices; and be it
40 further

41
42 RESOLVED, that our AMA-MSS support increased regulation of PE acquisitions
43 in order to better align with the goals of healthcare.

VRC testimony was supportive of the report. Your Reference Committee agrees with testimony that the report is well-researched and comprehensive. We believe this report establishes an important internal position that can be utilized through various potential efforts. Your Reference Committee recommends CEQM COLA Report A be adopted.

(13) SD REPORT A – MSS POLICY PROCESS AND HOD RESOLUTION QUEUE

RECOMMENDATION:

SD Report A be adopted.

MSS ACTION: SD Report A adopted.

ORIGINAL LANGUAGE:

1) That our AMA-MSS

- a) amend MSS Position 165.020MSS, “Single Payer Solution,” as follows to incorporate the content of 165.022MSS, “Expanding AMA’s Position on Healthcare Reform Options” and 165.030MSS, also identically titled “Expanding AMA’s Position on Healthcare Reform Options,” to create a unified consolidated position,
- b) accordingly rescind 165.022MSS and 165.030MSS, and
- c) with the concurrence of a vote by acclamation from your MSS Caucus, withdraw the resolution related to 165.030MSS from our HOD queue:

165.020MSS National Single Payer Healthcare Solution

AMA-MSS supports the implementation of a national single payer system. ;
and (2) ~~w~~While our AMA-MSS shall prioritize its support of a federal single payer system, our AMA-MSS may continue to advocate for intermediate federal policy solutions including but not limited to a federal Medicare, Medicaid, or other public insurance option that abides by the guidelines for health systems reform in 165.019MSS and 165.024MSS.

Our AMA-MSS asked the AMA to remove opposition to single payer from AMA policy, adopt a neutral stance on single payer healthcare reform, and instead evaluate single payer proposals by the extent to which they align with the AMA’s policy on healthcare reform.

(MSS Res 12, A-17) (MSS Res 40, I-17) (AMA Res 108, A-18, Referred) (CMS Report 2, A-19, Not Adopt) (Amended: MSS GC Report A, A-23) (MSS Res. 048, A-23) (AMA Res 818 from New England Delegation, I-23, Referred)

2) That our AMA-MSS amend MSS Position 665.016MSS, “Amending G-630.140 Lodging, Meeting Venues and Social Functions,” as follows and

1 with the concurrence of a vote by acclamation from your MSS Caucus,
2 accordingly withdraw this resolution from our HOD queue:

3
4 **665.016MSS Amending G-630.140 Lodging, Meeting Venues and**
5 **Social Functions**

6 Our AMA-MSS asked the AMA to support exemptions to our AMA policy on
7 locations of meetings organized or primarily sponsored by the AMA, in order
8 to allow the MSS to hold regional, state, or local meetings for MSS members
9 in areas that would otherwise be restricted under AMA policy. Our AMA-
10 MSS, via the MSS Governing Council and Medical Student Trustee, will
11 request that the AMA make such exceptions as needed.

12
13 ~~AMA MSS will ask our AMA to amend policy G-630.140 Lodging, Meeting~~
14 ~~Venues, and Social Functions to read as follows:~~

15 ~~Lodging, Meeting Venues, and Social Functions G-630.140~~

16 ~~(1) Our AMA supports choosing hotels for its meetings, conferences, and~~
17 ~~conventions based on size, service, location, cost and similar factors. (2)~~
18 ~~Our AMA shall attempt, when allocating meeting space, to locate the~~
19 ~~Section Assembly Meetings in the House of Delegates Meeting hotel, or in~~
20 ~~a hotel close in proximity. (3) All meetings and conferences organized~~
21 ~~and/or primarily sponsored by our AMA will be held in a town, city, county~~
22 ~~or state that has enacted comprehensive legislation requiring smoke free~~
23 ~~worksites and public places (including restaurants and bars), unless~~
24 ~~intended or existing contracts or special circumstances to justify an~~
25 ~~exception to this policy, and our AMA encourages state and local medical~~
26 ~~societies, national medical specialty societies and other health~~
27 ~~organizations to adopt a similar policy. (4) It is the policy of our AMA not to~~
28 ~~hold national meetings organized and/or primarily sponsored by our AMA,~~
29 ~~in cities, counties, or states, or pay member, officer or employee dues in~~
30 ~~any club, restaurant, or other institution, that has exclusionary policies,~~
31 ~~including but not limited to, policies based on race, color, religion, national~~
32 ~~origin, ethnic origin, language, creed, sex, sexual orientation, gender,~~
33 ~~gender identity and gender expression, disability, or age unless intended or~~
34 ~~existing contracts or special circumstances justify an exception to this~~
35 ~~policy. (5) Our AMA staff will work with facilities where AMA meetings are~~
36 ~~held to designate an area for breastfeeding and breast pumping.~~

37
38 3) That our AMA-MSS:

- 39 a) amend 645.032MSS, "Resolution Task Force Update 2022" and
40 divide it into two policies as follows; and
41 b) accordingly rescind 630.007MSS and 630.025MSS, as their content
42 has been incorporated into the proposed amendments to
43 645.032MSS and clarified to reflect longstanding routine MSS
44 practice.

45

1 **645.032 MSS Policy Process RESOLUTION TASK FORCE UPDATE**
2 **2022**

3 ~~AMA-MSS adopt the following as our MSS Policy Process:~~

4 1. The MSS Section Delegates will ensure that all items of business
5 submitted for consideration to each MSS Assembly meeting undergo a
6 comprehensive review process evaluating their impact, feasibility,
7 timeliness, and evidence basis.

8 2. The draft resolution review process should include opportunities for
9 participation by MSS Caucus members; MSS members on AMA Councils;
10 appropriate MSS region officers; MSS standing committees; MSS members
11 with significant HOD experience; and MSS members who liaise with other
12 AMA Sections and groups, specialty societies, professional interest medical
13 associations, medical student organizations (including identity-based
14 groups), and medical education bodies.

15 3. The MSS Section Delegates will decide the timeline for the policy cycle
16 preceding each MSS Assembly and will design the criteria used to review
17 items of business.

18 4. Resolutions submitted by the correct deadline in the correct format as
19 determined by the MSS Section Delegates prior to start of the policy cycle
20 may not be rejected for submission for consideration by the MSS Assembly
21 based on their content after organizational review for legal issues.

22 5 . Per the MSS IOPs, submitted resolutions will be sent to the MSS
23 Reference Committee, which will make recommendations to the Assembly
24 for disposition of its items of business. The Reference Committee Report
25 will use a consent calendar format. In order for an item to be heard by the
26 MSS Assembly, it must be extracted from the Reference Committee
27 Consent Calendar. The Order of Business for each MSS Assembly meeting
28 will follow the order listed in the MSS Reference Committee report for that
29 meeting. Items of business will be categorized by Reference Committee
30 recommendations for “adoption,” “adoption as amended,” “adoption in lieu
31 of,” “referral,” “not adoption,” “reaffirmation in lieu of,” etc. The order of items
32 in each category will be

33 randomized. The MSS Reference Committee must include a meaningful
34 rationale for their recommendations made on each item of business. Any
35 MSS member may extract any item from the Reference Committee Report
36 for debate at the MSS Assembly. No other requirements, such as testimony
37 or votes, are necessary for an item to be extracted. The Section Delegates
38 shall

39 provide opportunities for extraction both in advance of the MSS Assembly
40 remotely and at the beginning of the Assembly. Extractions made in
41 advance of the MSS Assembly should be published in real-time as they are
42 submitted.

43 6. The AMA-MSS Internal Operating Procedures (IOPs) and Digest of
44 Actions will be made available on the AMA-MSS Web site, with updates

1 made prior to the beginning of the Policy Cycle for each Annual and Interim
2 Meeting of the Assembly.

3 7. A resolution template will be made publicly available to assist resolution
4 authors in formatting their resolutions.; ~~and be it further~~

5 8. Upon final submission to the MSS for consideration by the Assembly,
6 MSS resolutions, including the “whereas” and “resolve” clauses and
7 footnotes, may not be altered by staff or any MSS leader, member,
8 committee, or other entity prior to the MSS Assembly Meeting without the
9 consent of the author, with the exception of retyping and reformatting.

10 9. The MSS Section Delegates (when they agree) may make grammatical
11 or syntax changes to the resolve clauses of MSS resolutions after they are
12 adopted by the Assembly and before they are forwarded to the House of
13 Delegates, but in no circumstances can the meaning or intent of the resolve
14 clauses be altered. Further, the MSS Speaker and Vice Speaker must be
15 advised of any change made to resolve clauses before the resolution is
16 forwarded to the House of Delegates and must concur that the change in
17 grammar or syntax does not alter the meaning or intent of the resolve
18 clauses. The MSS Speaker or Vice Speaker, may not, under any
19 circumstance, initiate the change in grammar or syntax on any MSS
20 resolution.

21 10. Our AMA-MSS will reevaluate 645.032MSS, 645.033MSS, and the
22 MSS Policy Process in general in a Governing Council report to be
23 presented to the MSS A-26 Assembly.

24 **645.033MSS Additional MSS Caucus Operations**

25 ~~AMA-MSS adopt the following as Additional MSS Caucus Operations:~~

26 1. The MSS Section Delegates have the ability to nominate existing policies
27 in the MSS Digest of Actions to the queue to be transmitted to a future HOD
28 meeting, based on strategic considerations. These nominations must be
29 approved by a majority vote of the MSS Caucus.

30 2. The MSS Caucus can co-sponsor resolutions in the name of the MSS
31 with another HOD delegation.

32 a. Co-sponsoring a resolution authored by another delegation must
33 be approved by a $\frac{2}{3}$ vote of the MSS Caucus.

34 b. The MSS Section Delegates have the authority to add other
35 delegations as co-sponsors of MSS-authored resolutions.
36

37
38 ~~AMA-MSS (1) rescind all statements of formal support for AMA policies~~
39 ~~listed in the section “AMA-MSS Statements of Support for HOD Policies” of~~
40 ~~the MSS Digest of Policy Actions; (2) investigate strategies for (a)~~
41 ~~preserving institutional memory, which would document the results of MSS~~
42 ~~resolutions and actions taken by the AMA in response to policies passed by~~
43 ~~the AMA HOD and (b) reporting this information to the original resolution~~
44 ~~authors and MSS assembly; and (3) that these changes, and the AMA-MSS~~
45 ~~resolutions process as a whole, be reevaluated in an AMA-MSS Governing~~

1 ~~Council report to be presented 3 years after the adoption of these~~
2 ~~recommendations.~~

3
4 VRC testimony was limited. Your Reference Committee thanks the Section Delegates
5 for their report on the AMA House of Delegates transmittal queue and policy process.
6 We agree that the recommendations of the report will help streamline processes within
7 the MSS. Your Reference Committee recommends SD Report A be adopted.

RECOMMENDED FOR ADOPTION AS AMENDED

(14) RESOLUTION 015 - SUPPORT OF COLLECTIVE BARGAINING

RECOMMENDATION A:

The second Resolve of Resolution 015 be amended by addition and deletion:

RESOLVED, that our AMA-MSS support the right of physicians and medical trainees to collectively bargain, including via non-disruptive and disruptive means—including, but not limited to, strikes, picketing, work slowdowns and stoppages, and tactics interfering with billing—, and support efforts to remove national, state, and local restrictions on strike action on physicians and medical trainees; and be it further

RECOMMENDATION B:

Resolution 015 be adopted as amended.

MSS ACTION: Resolution 015 adopted as amended.

FINAL LANGUAGE:

RESOLVED, that our AMA-MSS rescind 530.017MSS from the policy digest; and be it further

RESOLVED, that our AMA-MSS support the right of physicians and medical trainees to collectively bargain, via non-disruptive and disruptive means—including, but not limited to, strikes, picketing, work slowdowns and stoppages, and tactics interfering with billing—, and support efforts to remove national, state, and local restrictions on strike action on physicians and medical trainees; and be it further

RESOLVED, that our AMA-MSS support the development and implementation of collective bargaining units and the membership of physicians and medical trainees in said units at a national, state, and local level.

ORIGINAL LANGUAGE:

RESOLVED, that our AMA-MSS rescind 530.017MSS from the policy digest; and be it further

1 RESOLVED, that our AMA-MSS support the right of physicians and medical trainees to

5
6 RESOLVED, that our AMA-MSS support the development and implementation of
7 collective bargaining units and the membership of physicians and medical trainees in said
8 units at a national, state, and local level.

9
10 VRC testimony was supportive of the resolution. Your Reference Committee agrees with
11 testimony that this resolution is novel and especially important for our MSS to have an
12 internal stance on due to the anticipated A-24 House of Delegates report from the AMA
13 Council on Ethics and Judicial Affairs on this same topic. We agree with testimony to
14 amend the resolution to clarify non-disruptive and disruptive collective bargaining. Thus,
15 your Reference Committee recommends Resolution 015 be adopted as amended.

16
17 (15) RESOLUTION 102 - RADIATION EXPOSURE COMPENSATION COVERAGE

18
19 **RECOMMENDATION A:**

20
21 **A new Resolve clause be added to Resolution 102:**

22
23 **RESOLVED, that this resolution be immediately forwarded to our AMA House**
24 **of Delegates.**

25
26 **RECOMMENDATION B:**

27
28 **Resolution 102 be adopted as amended.**

29
30 **MSS ACTION: Resolution 102 adopted as amended.**

31
32 **FINAL LANGUAGE:**

33
34 **RESOLVED, that our American Medical Association support**
35 **continued authorization of federal radiation exposure compensation**
36 **programs and expanded program eligibility to downwind individuals,**
37 **communities, and tribes affected by the ongoing environmental**
38 **harms of historic atomic weapons testing, including, but not limited**
39 **to, residents of areas affected by the test of the first atomic bomb in**
40 **New Mexico and uranium miners employed between 1942 through**
41 **1990; and be it further**

42
43 **RESOLVED, that this resolution be immediately forwarded to our AMA**
44 **House of Delegates.**
45

1 **ORIGINAL LANGUAGE:**

2
3 RESOLVED, that our American Medical Association support continued authorization of
4 federal radiation exposure compensation programs and expanded program eligibility to
5 downwind individuals, communities, and tribes affected by the ongoing environmental
6 harms of historic atomic weapons testing, including, but not limited to, residents of areas
7 affected by the test of the first atomic bomb in New Mexico and uranium miners employed
8 between 1942 through 1990.

9
10 VRC testimony was supportive of the resolution. Your Reference Committee agrees with
11 testimony that the resolution is novel and timely as it addresses expansion of the Radiation
12 Exposure Compensation Act (RECA) which is up for re-authorization. We agree with
13 testimony to add an immediate forward clause because there is current legislation pending
14 in the House of Representatives to be voted on in the fall. Immediately forwarding this
15 resolution to the HOD A-24 Meeting will allow the AMA to act. Thus, your Reference
16 Committee recommends Resolution 102 be adopted as amended.

17
18 (16) RESOLUTION 108 - ACA SUBSIDIES FOR UNDOCUMENTED IMMIGRANTS

19
20 **RECOMMENDATION A:**

21
22 The first Resolve of Resolution 108 be amended by addition and deletion:

23
24 **RESOLVED, that our American Medical Association support federal and**
25 **state efforts to provideing subsidies for undocumented immigrants to**
26 **purchase health insurance, including by extending eligibility for premium**
27 **tax credits and cost-sharing reductions ~~on the~~ to purchase Affordable Care**
28 **Act (ACA) ~~marketplaces~~plans.**

29
30 **RECOMMENDATION B:**

31

2 RESOLVED, that our American Medical Association support providing subsidies for
3 undocumented immigrants to purchase health insurance, including by extending eligibility
4 for premium tax credits and cost-sharing reductions on the Affordable Care Act (ACA)
5 marketplaces.
6

7 VRC testimony was supportive with amendments. Your Reference Committee agrees
8 with testimony to clarify the ask to support federal and state efforts, as well as avoid any
9 misinterpretation of the term “marketplaces” by changing the term to “plans.” We want to
10 note that the resolution authors are supportive of this amendment on the VRC. Thus,
11 your Reference Committee recommends Resolution 108 be adopted as amended.
12

13 (17) RESOLUTION 109 - TRIBAL DIALYSIS ACCESS
14

15 **RECOMMENDATION A:**
16

17 **A new Resolve clause be added to Resolution 109:**
18

19 **RESOLVED, that our AMA support federal and other efforts to plan, fund, and**
20 **offer technical assistance for the development and expansion of accessible**
21 **specialty care services at IHS, Tribal, and Urban Indian Health Programs and**
22 **associated facilities.**
23

24 **RECOMMENDATION B:**
25

26 **Resolution 109 be adopted as amended.**
27

28 **MSS ACTION: Resolution 109 adopted as amended.**
29

30 **FINAL LANGUAGE:**
31

32 **RESOLVED, that our American Medical Association ask the Indian**
33 **Health Service to offer a plan, agency expertise and technical**
34 **assistance, and health-facilities funding to assist Tribes in expanding**
35 **local dialysis services; and be it further**
36

37 **RESOLVED, that our AMA support reform of the IHS Loan Repayment**
38 **Program to be eligible for repayment with a part-time, rather than full-**
39 **time employment commitment to IHS and Tribal Health Programs; and**
40 **be it further**
41

42 **RESOLVED, that our AMA support a nationwide AI/AN Medicare and**
43 **Medicaid enrollment campaign coordinated by CMS and the IHS that**
44 **funds insurance navigator programs at Tribal Health Programs; and**
45 **be it further**
46

1 **RESOLVED, that our AMA support federal and other efforts to plan,**
2 **fund, and offer technical assistance for the development and**
3 **expansion of accessible specialty care services at IHS, Tribal, and**
4 **Urban Indian Health Programs and associated facilities.**
5

6 **ORIGINAL LANGUAGE:**

7
8 RESOLVED, that our American Medical Association ask the Indian Health Service to offer
9 a plan, agency expertise and technical assistance, and health-facilities funding to assist
10 Tribes in expanding local dialysis services; and be it further

11
12 RESOLVED, that our AMA support reform of the IHS Loan Repayment Program to be
13 eligible for repayment with a part-time, rather than full-time employment commitment to
14 IHS and Tribal Health Programs; and be it further

15
16 RESOLVED, that our AMA support a nationwide AI/AN Medicare and Medicaid enrollment
17 campaign coordinated by CMS and the IHS that funds insurance navigator programs at
18 Tribal Health Programs.

19
20 VRC testimony was supportive with amendments. Your Reference Committee agrees
21 with testimony that the resolution is novel and impactful. We agree with testimony to add
22 a fourth resolve clause to extend the spirit of this resolution to include all specialty care.
23 Thus, your Reference Committee recommends Resolution 109 be adopted as amended.

24
25 (18) RESOLUTION 115 - CORRECTIONS TO THE MEDICARE PART C PAYMENT
26 STRUCTURE

27
28 **RECOMMENDATION A:**

29
30 The first Resolve of Resolution 115 be amended by deletion:

31
32 ~~**RESOLVED, that our AMA-MSS support efforts to strengthen and protect**~~
33 ~~**Traditional Medicare; and be it further**~~

34
35 **RECOMMENDATION B:**

36
37 Resolution 115 be adopted as amended.

38
39 **MSS ACTION: Resolution 115 adopted as amended.**

40
41 **FINAL LANGUAGE:**

42
43 **RESOLVED, that our AMA-MSS support policies that reduce or**
44 **eliminate overpayment of insurance companies under Medicare Part**
45 **C including, but not limited to:**

- (1) Reforming risk adjustment models to use multiple years of diagnostic data as it pertains to assigning patients risk scores and/or determining payments granted to Medicare Part C plans;
- (2) Altering the methodology for determining what diagnoses qualify for risk-adjustment to make it comparable between Medicare Part C and Traditional Medicare;
- (3) Publicly reporting coding pattern differences between Medicare Part C plans and Traditional Medicare including subsequent contract-level risk adjustments;
- (4) Reforming the benchmark payment rate system to reduce overall payment rates to insurers;
- (5) Reforming the Quality Bonus Payment program to operate in a budget-neutral manner and concentrate on clinically important outcomes.

ORIGINAL LANGUAGE:

RESOLVED, that our AMA-MSS support efforts to strengthen and protect Traditional Medicare; and be it further

RESOLVED, that our AMA-MSS support policies that reduce or eliminate overpayment of insurance companies under Medicare Part C including, but not limited to:

- (1) Reforming risk adjustment models to use multiple years of diagnostic data as it pertains to assigning patients risk scores and/or determining payments granted to Medicare Part C plans;
- (2) Altering the methodology for determining what diagnoses qualify for risk-adjustment to make it comparable between Medicare Part C and Traditional Medicare;
- (3) Publicly reporting coding pattern differences between Medicare Part C plans and Traditional Medicare including subsequent contract-level risk adjustments;
- (4) Reforming the benchmark payment rate system to reduce overall payment rates to insurers;
- (5) Reforming the Quality Bonus Payment program to operate in a budget-neutral manner and concentrate on clinically important outcomes.

VRC testimony was supportive with amendments. Your Reference Committee agrees with testimony that the first resolve is vague and the whereas clauses lack evidence of the effectiveness of Traditional Medicare alone. Additionally, this may unintentionally restrict the MSS from advocating on alternative payer models in the future. Therefore, we recommend deletion of the first resolve. We agree with testimony that the second resolve is novel and important to establish an internal MSS position, as Medicare is often discussed at the AMA House of Delegates level. Thus, your Reference Committee recommends Resolution 115 be adopted as amended.

(19) RESOLUTION 205 - SUPPORT FOR DOULA CARE PROGRAMS

RECOMMENDATION A:

1
2 **The first Resolve of Resolution 205 be amended by addition and deletion:**

3
4 **RESOLVED, that our American Medical Association support access to**
5 **continuous one-to-one emotional support provided by ~~doulas~~ as nonmedical**
6 **support personnel, such as doulas, including for patients who are**
7 **incarcerated or detained.**

8
9 **RECOMMENDATION B:**

10
11 **Resolution 205 be adopted as amended.**

12
13 **MSS ACTION: Resolution 205 adopted as amended.**

14
15 **FINAL LANGUAGE:**

16
17 **RESOLVED, that our American Medical Association support access**
18 **to continuous one-to-one emotional support provided by nonmedical**
19 **support personnel, such as doulas, including for patients who are**
20 **incarcerated or detained.**

21
22 **ORIGINAL LANGUAGE:**

23
24 **RESOLVED, that our American Medical Association support access to continuous one-**
25 **to-one emotional support provided by doulas as nonmedical support personnel including**
26 **for patients who are incarcerated or detained.**

27
28 VRC testimony was supportive. Your Reference Committee agrees with testimony that
29 the resolution is novel and well-researched. We agree with testimony to recommend
30 minor amendments based on feedback from the American College of Obstetricians and
31 Gynecologists. We believe the amended language will garner more support in the HOD
32 since it incorporates feedback from relevant specialty societies, while also maintaining, if
33 not augmenting, the authors' original intent. Your Reference Committee recommends
34 Resolution 205 be adopted as amended.

35
36 (20) **RESOLUTION 207 - REPATRIATION OF AMERICAN INDIAN, ALASKA**
37 **NATIVE, AND NATIVE HAWAIIAN REMAINS**

38
39 **RECOMMENDATION A:**

40
41 **The first Resolve of Resolution 207 be amended by addition and deletion:**

42
43 **RESOLVED, that our American Medical Association supports: (a) the**
44 **expeditious return of American Indian, and Alaska Native, and Native**
45 **Hawaiian anatomical remains, biospecimens, and cultural items from US**

1 medical schools to Tribal governments and Native Hawaiian cultural
2 organizations in compliance with the Native American Graves
3 Protection and Repatriation Act; (b) federal funds and ~~federal~~ technical
4 assistance for inventory documentation and processing of repatriation
5 claims; and (c) dissemination of best practices for affiliating remains with
6 ancestral claimants.

7
8 **RECOMMENDATION B:**

9
10 Resolution 207 be adopted as amended.

11
12 **MSS ACTION: MSS Resolution 207 adopted as amended.**

13
14 **FINAL LANGUAGE:**

15
16 **RESOLVED**, that our American Medical Association support: (a) the
17 expeditious return of American Indian, Alaska Native, and Native
18 Hawaiian anatomical remains, biospecimens, and cultural items from
19 US medical schools to Tribal governments and Native Hawaiian
20 cultural organizations in compliance with the Native American Graves
21 Protection and Repatriation Act; (b) federal funds and technical
22 assistance for inventory documentation and processing of
23 repatriation claims; and (c) dissemination of best practices for
24 affiliating remains with ancestral claimants.

25
26 **ORIGINAL LANGUAGE:**

27
28 RESOLVED, that our American Medical Association support: (a) the expeditious return of
29 American Indian and Alaska Native anatomical remains, biospecimens, and cultural items
30 from US medical schools to Tribal governments and Native Hawaiian cultural
31 organizations; (b) funds and federal technical assistance for inventory documentation and
32 processing of repatriation claims; and (c) dissemination of best practices for affiliating
33 remains with ancestral claimants.

34
35 VRC testimony was supportive with amendments. Your Reference Committee agrees
36 with testimony to clarify the resolution by amending (1) clause a to include the Native
37 Hawaiian population as they are covered under the Native American Graves Protection
38 and Repatriation Act (NAGPRA), and (2) clause b by adding the word “federal” to clarify
39 the source of the funds. We do not agree with amendments that ask the AMA to study
40 best practices for affiliating remains with ancestral claimants because that study is
41 outside the AMA’s scope. Your Reference Committee recommends Resolution 207 be
42 adopted as amended.

43
44 (21) RESOLUTION 211 - SSI SAVINGS PENALTY ELIMINATION

45
46 **RECOMMENDATION A:**

1
2 The first Resolve of Resolution 211 be amended by addition and deletion:

3
4 RESOLVED, that our American Medical Association support appropriate
5 increased asset limits, income cutoffs, and benefits that are indexed to
6 increase at least by inflation for evidence-based cash public assistance
7 programs such as for Supplemental Security Income (SSI) eligibility that are
8 indexed to inflation moving forward or other equitable economic measures;
9 and be it further

10
11 RECOMMENDATION B:

12
13 The second Resolve of Resolution 211 be amended by addition and deletion:

14
15 RESOLVED, that our AMA study support eliminating the marriage penalty for
16 SSI benefits, such that married couples do not receive fewer benefits or have
17 more restrictive eligibility requirements than they would have as individuals.
18 the establishment of individualized equivalent asset limit eligibility
19 requirements for SSI benefits, regardless of marital status.

20
21 RECOMMENDATION C:

22
23 Resolution 211 be adopted as amended.

24
25 **MSS ACTION: Resolution 211 adopted as amended.**

26
27 FINAL LANGUAGE:

28
29 RESOLVED, that our American Medical Association support
30 appropriate increased asset limits, income cutoffs, and benefits that
31 are indexed to increase at least by inflation for public assistance
32 programs such as Supplemental Security Income (SSI); and be it
33 further

34
35 RESOLVED, that our AMA support eliminating the marriage penalty
36 for SSI benefits, such that married couples do not receive fewer
37 benefits or have more restrictive eligibility requirements than they
38 would have as individuals.

39
40 ORIGINAL LANGUAGE:

41
42 RESOLVED, that our American Medical Association support increased asset limits for
43 Supplemental Security Income (SSI) eligibility that are indexed to inflation moving forward;
44 and be it further

1
2 RESOLVED, that our AMA support the establishment of individualized equivalent asset
3 limit eligibility requirements for SSI benefits, regardless of marital status.
4

5 VRC testimony was supportive. Your Reference Committee agrees with testimony that
6 the first resolve clause should be amended to allow for broader advocacy that is not
7 limited to Supplemental Security Income (SSI). We agree with testimony that there is a
8 lack of evidence to support the ask of the second resolve clause and recommend a
9 study on establishing best practices for individualized equivalent asset limit eligibility
10 requirements. Your Reference Committee recommends Resolution 211 be adopted as
11 amended.

12
13 (22) RESOLUTION 223 - INCREASED TRANSPARENCY IN PSYCHOTROPIC
14 DRUG ADMINISTRATION IN PRISONS

15
16 **RECOMMENDATION A:**

17
18 The first Resolve of Resolution 223 be amended by addition and deletion:

19
20 **RESOLVED, that our American Medical Association study issues**
21 **surrounding the use of psychotropic medications in the carceral system,**
22 **including inconsistencies in dosage, frequency, duration, allowed**
23 **formularies, side effects, and oversight by a psychiatrist or another**
24 **physician with expertise in mental illness ~~physician and psychiatrist~~**
25 **~~oversight~~; and be it further**

26
27 **RECOMMENDATION B:**

28
29 The second Resolve of Resolution 223 be amended by addition:

30
31 **RESOLVED, that our AMA support increased transparency from state and**
32 **federal jails and prisons surrounding protocols pertaining to the**
33 **administration of psychotropic medications, including components such as**
34 **dosage, frequency, duration, allowed formularies, management of side**
35 **effects, and requirements for oversight by a psychiatrist or another**
36 **physician with expertise in mental illness.**

37
38 **RECOMMENDATION C:**

39
40 Resolution 223 be adopted as amended.

41
42 **MSS ACTION: Resolution 223 adopted as amended.**

43
44 **FINAL LANGUAGE:**

1
2 **RESOLVED, that our American Medical Association study issues**
3 **surrounding the use of psychotropic medications in the carceral**
4 **system, including inconsistencies in dosage, frequency, duration,**
5 **allowed formularies, side effects, and oversight by a psychiatrist or**
6 **another physician with expertise in mental illness; and be it further**

7
8 **RESOLVED, that our AMA support increased transparency from state**
9 **and federal jails and prisons surrounding protocols pertaining to the**
10 **administration of psychotropic medications, including components**
11 **such as dosage, frequency, duration, allowed formularies,**
12 **management of side effects, and requirements for oversight by a**
13 **psychiatrist or another physician with expertise in mental illness.**

14
15 **ORIGINAL LANGUAGE:**

16
17 RESOLVED, that our American Medical Association study issues surrounding the use of
18 psychotropic medications in the carceral system, including inconsistencies in dosage,
19 frequency, duration, allowed formularies, side effects, and physician and psychiatrist
20 oversight; and be it further

21
22 RESOLVED, that our AMA support increased transparency from state and federal jails
23 and prisons surrounding protocols pertaining to the administration of psychotropic
24 medications.

25
26 VRC testimony was supportive. Your Reference Committee agrees with testimony that
27 this resolution is well-researched and a study would be appropriate given limited data
28 collection on the issue. An AMA study will investigate the extent of primary research
29 available or not available, helping guide evidence-based policy recommendations and
30 guidance. We agree with minor amendments to (1) update language in the first resolve
31 clause to avoid inadvertently implying that psychiatrists are not physicians and (2)
32 include desired components to support transparency in the second resolve clause. Your
33 Reference Committee recommends Resolution 223 be adopted as amended.

34
35 (23) RESOLUTION 419 - EQUITY IN CELIAC DISEASE AND/ FOOD ALLERGIES
36 RESEARCH AND RESOURCES

37
38 **RECOMMENDATION A:**

39
40 **The first Resolve of Resolution 419 be amended by addition and deletion:**

41
42 **RESOLVED, that our American Medical Association support federal and**
43 **state efforts to increase the affordability lower the price and quality of food**
44 **alternatives for people with celiac disease, food allergies, and food**
45 **intolerance of allergen and gluten-free foods; and be it further**
46

1 **RECOMMENDATION B:**

2
3 The second Resolve of Resolution 419 be amended by addition and deletion:

4
5 **RESOLVED**, that our AMA support federal and state ~~polici~~efforts to extend
6 requirements for mandatory nutrient fortification to food alternatives for
7 people with celiac disease, food allergies, and food intolerance~~expand~~
8 ~~mandatory fortified nutrients to gluten-free food options;~~ and be it further
9

10 **RECOMMENDATION C:**

11
12 The third Resolve of Resolution 419 be amended by deletion:

13
14 ~~RESOLVED~~, that our ~~AMA support efforts to investigate food insecurity in~~
15 ~~families receiving SNAP benefits that have medical conditions, such as food~~
16 ~~allergies and/or celiac disease, that potentially increases vulnerability to~~
17 ~~food insecurity; and be it further~~
18

19 **RECOMMENDATION D:**

20
21 The fourth Resolve of Resolution 419 be amended by addition and deletion:

22
23 **RESOLVED**, that our AMA support efforts to ~~lower the income requirements~~
24 ~~for families with~~ expand nutrition assistance eligibility and benefits to
25 equitably meet the needs of households affected by celiac disease, food
26 allergies, and food intolerance~~food allergies and/or Celiac disease and~~

21 nutrients to gluten-free food options; and be it further

22
23 RESOLVED, that our AMA support efforts to investigate food insecurity in families
24 receiving SNAP benefits that have medical conditions, such as food allergies and/or celiac
25 disease, that potentially increases vulnerability to food insecurity; and be it further

26
27 RESOLVED, that our AMA support efforts to lower the income requirements for families
28 with food allergies and/or Celiac disease and provide additional Supplemental Nutrition
29 Assistance Program (SNAP) benefits to already-qualified families.

30
31 VRC testimony was supportive with amendments. Your Reference Committee agrees
32 with testimony that the resolution is impactful and novel. We agree with testimony to
33 amend the resolution to make the resolution more feasible and give the AMA room to
34 advocate on this issue moving forward. We agree with testimony to clarify the language
35 in the first resolve clause, make the second resolve clause more broad, strike the third
36 resolve clause as it contradicts the resolution's ask, and broaden the ask of the fourth
37 resolve to encompass future advocacy opportunities. Your Reference Committee
38 recommends Resolution 419 be adopted as amended.

39
40 (24) RESOLUTION 422 - PROTECTING THE HEALTHCARE SUPPLY CHAIN
41 FROM THE IMPACTS OF CLIMATE CHANGE

42
43 **RECOMMENDATION A:**

44
45 **The first Resolve of Resolution 422 be amended by deletion:**
46

1 **RESOLVED, that our American Medical Association support assessments of**
2 **the vulnerability of existing healthcare supply chains in the context of**
3 **climate change-related events; and be it further**
4

5 **RECOMMENDATION B:**
6

7 The second Resolve of Resolution 422 be amended by addition and deletion:
8

9 **RESOLVED, that our AMA support the development of strategies and**
10 **technologies to strengthen supply chain networks, including building**
11 **climate resiliency into new or updated facilities, increasing emergency**
12 **stockpiles of key products, relocating facilities to climate-resilient areas and**
13 **incentivizing the innovation and adoption of reusable medical products to**

31 **ORIGINAL LANGUAGE:**

32
33 RESOLVED, that our American Medical Association support assessments of the
34 vulnerability of existing healthcare supply chains in the context of climate change-related
35 events; and be it further
36

37 RESOLVED, that our AMA support the development of strategies and technologies to
38 strengthen supply chain networks, including relocating facilities to climate-resilient areas
39 and incentivizing the innovation and adoption of reusable medical products to resist the
40 impact of supply chain disturbances.
41

42 VRC testimony was mixed. Your Reference Committee agrees with testimony that the
43 first resolve clause is not actionable as written. We believe the first resolve clause is
44 broadly covered by existing policy H-440.847, and therefore more policy on this would

1 not meaningfully change AMA advocacy efforts. We recognize and agree that the AMA
2 is doing a lot of work on the issue of climate change, and that climate change is a timely
3 issue. Your Reference Committee was unclear of what is considered a climate-resilient
4 area, and our recommended amendments to the second resolve clause were created to
5 make the ask more feasible. Your Reference Committee recommends Resolution 422
6 be adopted as amended.

7
8 (25) RESOLUTION 427 - AMA STUDY ON PLASTIC POLLUTION REDUCTION

9
10 **RECOMMENDATION A:**

11
12 **The first Resolve of Resolution 427 be amended by addition and deletion:**

13
14 **RESOLVED, that our AMA-MSS amend 460.028MSS, “Research of Plastic**
15 **Use in Medicine,” which is pending submission to HOD, by addition and**
16 **deletion as follows:**

17
18 **460.028 Research of Plastic Use in Medicine**

19 ~~Our AMA-MSS will ask the AMA to study~~ Our AMA
20 will study and report back with policy
21 recommendations on ways to reduce plastic
22 pollution and its impact on climate change and
23 health, including but not limited to federal, state, and
24 local taxes and limitations on the use of single-use
25 plastic consumer products and other types of plastic,
26 as well as interventions to reduce microplastics, and
27 alternatives to plastic.

28
29 AMA-MSS will ask the AMA to amend by addition as
30 follows:

31 **Stewardship of the Environment H-135.973**

32 ~~The AMA: (1) encourages physicians to be spokespersons~~
33 ~~for environmental stewardship, including the discussion of~~
34 ~~these issues when appropriate with patients; (2)~~
35 ~~encourages the medical community to cooperate in~~
36 ~~reducing or recycling waste; (3) encourages physicians and~~
37 ~~the rest of the medical community to dispose of its medical~~
38 ~~waste in a safe and properly prescribed manner; (4)~~
39 ~~supports enhancing the role of physicians and other~~
40 ~~scientists in environmental education; (5) endorses~~
41 ~~legislation such as the National Environmental Education~~
42 ~~Act to increase public understanding of environmental~~
43 ~~degradation and its prevention; (6) encourages research~~
44 ~~efforts at ascertaining the physiological and psychological~~
45 ~~effects of abrupt as well as chronic environmental changes;~~
46 ~~(7) encourages international exchange of information~~

1 relating to environmental degradation and the adverse
2 human health effects resulting from environmental
3 degradation; (8) encourages and helps support physicians
4 who participate actively in international planning and
5 development conventions associated with improving the
6 environment; (9) encourages educational programs for
7 worldwide family planning and control of population growth;
8 (10) encourages research and development programs for
9 safer, more effective, and less expensive means of
10 preventing unwanted pregnancy; (11) encourages
11 programs to prevent or reduce the human and
12 environmental health impact from global climate change
13 and environmental degradation. (12) encourages economic
14 development programs for all nations that will be
15 sustainable and yet nondestructive to the environment; (13)
16 encourages physicians and environmental scientists in the
17 United States to continue to incorporate concerns for human
18 health into current environmental research and public policy
19 initiatives; (14) encourages research into the effects of
20 microplastics on human health; (15) encourages physician
21 educators in medical schools, residency programs, and
22 continuing medical education sessions to devote more
23 attention to environmental health issues; (16) will
24 strengthen its liaison with appropriate environmental health
25 agencies, including the National Institute of Environmental
26 Health Sciences (NIEHS); (17) encourages expanded
27 funding for environmental research by the federal
28 government; and (18) encourages family planning through
29 national and international support.

19 VRC testimony was supportive with amendments. Your Reference Committee agrees
20 with testimony that the first resolve clause can be strengthened by asking for report back
21 with policy recommendations. Your Reference Committee recommends Resolution 427
22 be adopted as amended.

23
24 (26) GC REPORT A – SUNSET REPORT

25
26 **RECOMMENDATION A:**

27
28 **The third Resolve of GC Report A be amended by addition and deletion:**

29
30 **That our AMA-MSS amend 630.044MSS by addition and deletion as follows:**

31
32 **630.044MSS Review and Revision of the MSS Positions Compendium**
33 **via the Sunset and Consolidation Mechanisms for AMA-MSS Policy**

34
35 **AMA-MSS will establish and use a sunset mechanism for AMA-MSS**
36 **policies—positions with a ten-fiveten-year time horizon whereby a**
37 **policy—position will remain viable for ten-fiveten years unless action is**
38 **taken by the Assembly to reestablish or refer it. The implementation**
39 **of a sunset mechanism for AMA-MSS policy—position shall follow the**
40 **following procedures:**

41
42 **(1) review of policies—positions will be the ultimate responsibility of**
43 **the Governing Council, whereby the report is authored by the Chair**
44 **of the Governing Council with initial policy—position**
45 **recommendations being solicited from relevant Standing Committees**
46 **as appropriate;**
47

1 (2) The Governing Council will provide Standing Committees clear
2 guidance regarding criteria for recommendations of retention,
3 retention with amendments, or sunset;
4

5 (3) ~~policy position~~ recommendations will be reported to the AMA-MSS
6 Assembly at each Annual Meeting on the ~~ten-fiveten~~ or ~~ninefourfive~~
7 ~~nine~~ and one-half year anniversary of a ~~policy's position's~~ adoption,
8 with a brief rationale accompanying each recommendation;
9

10 (4) to gradually transition to the new timeline for sunset review, the
11 2025-2029 Sunset Reports only review policies last reaffirmed at the
12 Annual Meeting five years prior (not the Interim Meeting 4.5 years
13 prior), and then the 2030 Sunset Report will begin the new 10- and 9.5-
14 year timeline, at which point this subclause will be automatically
15 rescinded;
16

17 (45) a consent calendar format will be used by the Assembly in
18 considering the ~~policies positions~~ encompassed within the report;
19

20 (56) a vote will not be necessary on ~~policies positions~~ recommended
21 for rescission as they will automatically expire under the auspices of
22 the sunset mechanism unless referred back to the Governing
23 Council; ~~and~~
24

25 (67) the MSS Governing Council ~~may will annually should~~ recommend
26 at least three policies for consolidations of groups of related
27 positions, whereby the report(s) are authored by the MSS Chair with
28 recommendations solicited from relevant Standing Committees as
29 appropriate;
30

31 (78) when MSS positions are reviewed via either the sunset or
32 consolidation mechanisms, the result of any positions submitted to
33 HOD and associated implementation actions will be reviewed and
34 documented for archival purposes if not already characterized as part
35 of the sunset review process;
36

37 (89) in their report on the previous HOD's proceedings, the Section
38 Delegates will recommend changes to any MSS positions that amend
39 AMA Policy and were considered by HOD, in order to summarize the
40 amendment's ask and simplify the language; and
41

42 (9-10) any MSS positions written as "MSS will ask the AMA" will be
43 automatically converted to past tense ("asked the AMA") after
44 consideration by HOD as either a resolution or an amendment; and
45

46 (40-11) any MSS position (or portion of a position) requesting an AMA
47 or MSS study will automatically sunset after the study is completed
48 by either the AMA or MSS or after consideration of the study request
49 by HOD.
50

1 **RECOMMENDATION B:**

2
3 GC Report A be adopted as amended.

4
5 **MSS ACTION: GC Report A adopted as amended.**

6
7 **FINAL LANGUAGE:**

8
9 Your AMA-MSS Governing Council recommends that the following be

7 be retained as official, active positions of the AMA-MSS or rescinded as indicated.
8 5. That the recommendations regarding MSS positions in Appendix A and Appendix B of this
9 report be adopted.
10 6. That our AMA-MSS amend 630.044MSS by addition and deletion as follows:

11
12 630.044MSS Review and Revision of the MSS Positions Compendium via the
13 Sunset and Consolidation Mechanisms for AMA-MSS Policy

14
15 AMA-MSS will establish and use a sunset mechanism for AMA-MSS ~~policies~~
16 positions with a ~~ten five~~-year time horizon whereby a ~~policy~~-position will remain
17 viable for five years unless action is taken by the Assembly to reestablish or refer
18 it. The implementation of a sunset mechanism for AMA-MSS ~~policy~~-position shall
19 follow the following procedures:

20
21 (1) review of ~~policies~~-positions will be the ultimate responsibility of the Governing
22 Council, whereby the report is authored by the Chair of the Governing Council with
23 initial ~~policy~~-position recommendations being solicited from relevant Standing
24 Committees as appropriate;

25
26 (2) The Governing Council will provide Standing Committees clear guidance
27 regarding criteria for recommendations of retention, retention with amendments,

48 mechanisms, the result of any positions submitted to HOD and associated
49 implementation actions will be reviewed and documented for archival purposes if
50 not already characterized as part of the sunset review process;

51
52 (8) in their report on the previous HOD's proceedings, the Section Delegates will
53 recommend changes to any MSS positions that amend AMA Policy and were

1 considered by HOD, in order to summarize the amendment's ask and simplify the
2 language; and

3
4 (9) any MSS positions written as "MSS will ask the AMA" will be automatically
5 converted to past tense ("asked the AMA") after consideration by HOD as either a
6 resolution or an amendment; and

7
8 (10) any MSS position (or portion of a position) requesting an AMA or MSS study
9 will automatically sunset after the study is completed by either the AMA or MSS or
10 after consideration of the study request by HOD.

11
12 VRC testimony was limited. Your Reference Committee thanks the MSS Governing
13 Council for a comprehensive sunset and consolidation report. We agree with testimony
14 sharing concerns of changing the sunset mechanism from 5 to 10 years, as we see the
15 great potential of a loss of institutional memory and a loss of members who are
16 experienced in sunset review resulting from this change in the timeline. Additionally, your
17 Reference Committee agrees with testimony that mandating three consolidations per
18 year is too prescriptive and could potentially result in inappropriate consolidations in the
19 future that would perhaps unintentionally alter the spirit of original positions for the sake
20 of reaching the directed quota. We would note that the MSS Governing Council
21 previously studied the sunset mechanism and reported updates to the process via MSS
22 GC Report A, 630.044MSS, at MSS A-23, and did not include this alteration to the
23 timeline, nor included the requirements to the language regarding consolidation. Your
24 Reference Committee amended this item to ask for the sunset review at the 5- and 4.5-
25 year mark. The sunset review was moved from the Interim to Annual meeting in the last
26 Sunset Report, so the new timing would allow sunset review to be in the same calendar
27 year. Your Reference Committee recommends GC Report A be adopted as amended.

3 withdraw this resolution from our HOD submission queue.
4

5 VRC testimony was supportive with amendments. Your Reference Committee thanks
6 the MSS Governing Council for their thoughtful report and agrees with testimony that the
7 resolution is novel. We agree that a broader stance will make the resolution more
8 feasible for the AMA to act upon. Your Reference Committee recommends that the first
9 resolve clause be amended to broader language that will apply even if language and
10 terminology changes. We agree to strike the second resolve clause in order to leave the
11 decision up to the Caucus withdrawal process headed by the Section Delegates. Your
12 Reference Committee recommends GC Report J be adopted as amended.

17 **RECOMMENDATION A:**
18

19 **The first Resolve of GC Report A be amended by addition and deletion:**
20

21 **Your Committee on Economics and Quality in Medicine (CEQM) Women in
22 Medicine Committee (WIM), and Committee on LGBTQ+ Affairs (LGBTQ+)
23 recommend that the following recommendations are adopted in lieu of MSS
24 Resolution 078 and the remainder of this report be filed:**
25

26 **RESOLVED, that the American Medical Association amend policy H-80.999
27 “Sexual Assault Survivors” by addition as follows:**
28

29 **1. Our AMA supports the preparation and dissemination
30 of information and best practices intended to maintain
31 and improve the skills needed by all practicing
32 physicians involved in providing care to sexual assault
33 survivors.**

34 **2. Our AMA advocates for the legal protection of sexual
35 assault survivors’ rights and work with state medical
36 societies to ensure that each state implements these
37 rights, which include but are not limited to, the right to:
38 (a) receive a medical forensic examination free of
39 charge, which includes but is not limited to HIV/STD
40 testing and treatment, pregnancy testing and
41 prevention, drug testing, treatment of injuries, and
42 collection of forensic evidence; (b) preservation of a
43 sexual assault evidence collection kit for at least the
44 maximum applicable statute of limitation; (c)

46 evidence kit with the opportunity to be granted further
47 preservation; (d) be informed of these rights and the**

1 policies governing the sexual assault evidence kit; and
2 (e) access to emergency contraception information and
3 treatment for pregnancy prevention.

4 3. Our AMA advocates for federal and state efforts to
5 reduce financial barriers that limit survivors' ability to
6 seek physical and mental health care and social
7 services after sexual assault, including survivors'
8 compensation funds and specialized programs. These
9 programs should at a minimum to cover emergency,
10 acute inpatient, and outpatient follow up services,
11 including testing, medications, and counseling. and
12 eliminate. This care should be provided with no out-of-
13 pocket expenses, for any patient, including especially
14 for patients who are uninsured, underinsured, or out-of-
15 network.

16 4. 3. Our AMA will collaborate with relevant
17 stakeholders to develop recommendations for
18 implementing best practices in the treatment of sexual
19 assault survivors, including through engagement with
20 the joint working group established for this purpose
21 under the Survivor's Bill of Rights Act of 2016.

22 5. 4. Our AMA will advocate for increased post-pubertal
23 patient access to Sexual Assault Nurse Examiners, and
24 other trained and qualified clinicians, in the emergency
25 department for medical forensic examinations.

26 6. 5. Our AMA will advocate at the state and federal level
27 for (a) the timely processing of all sexual examination
28 kits upon patient consent; (b) timely processing of
29 "backlogged" sexual assault examination kits with
30 patient consent; and (c) additional funding to facilitate
31 the timely testing of sexual assault evidence kits.

32 7. 6. Our AMA supports the implementation of a national

Our AMA advocates for the legal protection of sexual assault survivors' rights and work with state medical societies to ensure that each state implements these rights, which include but are not limited to, the right to: (a) receive a medical forensic examination free of charge, which includes but is not limited to HIV/STD testing and treatment, pregnancy testing and prevention, drug testing, treatment of injuries, and collection of forensic evidence; (b) preservation of a sexual assault evidence collection kit for at least the maximum applicable statute of limitation; (c) notification of any intended disposal of a sexual assault evidence kit with the opportunity to be granted further preservation; (d) be informed of these rights and the policies governing the sexual assault evidence kit; and (e) access to emergency contraception information and treatment for pregnancy prevention.

3. Our AMA advocates for federal and state efforts to reduce financial barriers that limit survivors' ability to seek physical and mental health care and social services after sexual assault, including survivors' compensation funds and specialized programs to cover emergency, inpatient, and outpatient services and eliminate out-of-pocket expenses, especially for patients who are uninsured, underinsured, or out-of-network.

4. 3. Our AMA will collaborate with relevant stakeholders to develop recommendations for implementing best practices in the treatment of sexual assault survivors, including through engagement with the joint working group established for this purpose under the Survivor's Bill of Rights Act of 2016.

5. 4. Our AMA will advocate for increased post-pubertal patient access to Sexual Assault Nurse Examiners, and other trained and qualified clinicians, in the emergency department for medical forensic examinations.

6. 5. Our AMA will advocate at the state and federal level for (a) the timely processing of all sexual examination kits upon

1 patient consent; (b) timely processing of “backlogged”
2 sexual assault examination kits with patient consent; and (c)
3 additional funding to facilitate the timely testing of sexual
4 assault evidence kits.

5 ~~7. 6.~~Our AMA supports the implementation of a national
6 database of Sexual Assault Nurse Examiner and Sexual
7 Assault Forensic Examiner providers.

7 VRC testimony was limited. Your Reference Committee commends the LGBTQ+ Affairs
8 and Health Information Technology Standing Committees for a well-researched report.
9 We recognize the point made by VRC testimony regarding the use of the word “conceal”
10 in the first resolve clause and feel that the word “conceal”, nor any synonymous
11 alternatives are necessary as this is covered under the “de-emphasize” portion of the
12 sentence. Additionally, your Reference Committee agrees with testimony that
13 “appropriate administrative purposes” is less prescriptive than specifying insurance and
14 billing and avoids an unintentional limitation of the language. Overall, we recommend
15 amendments to clarify terminology while maintaining the spirit of the ask. Your
16 Reference Committee recommends LGBTQ+ CHIT Report A be adopted as amended.

42 information; and be it further

43
44 RESOLVED, that our AMA-MSS develop and maintain a database of MSS alumni who
45 consent to share their information to serve as resources for the MSS; and be it further

46
47 RESOLVED, that our AMA MSS maintain an Archives Task Force which will continue to
48 investigate strategies for (a) preserving institutional memory, (b) reporting this
49 information to the MSS, and (c) monitor the implementation of changes adopted as a

1 result of the A-24 Archives Task Force Report and will work with GC to report back to
2 the MSS Assembly at I-24 and A-25.

3
4 VRC testimony was limited. Your Reference Committee agrees with testimony that the
5 first resolve is a helpful update to MSS operations and will improve the policymaking
6 process actions for MSS members.

7
8 We support the second resolve clause as written and support the broad terminology
9 “authorship information” so that the parties implementing this report have more flexibility;
10 we discussed that student contact information is likely to change as students move from
11 medical school to residency, and encourages the parties implementing this report to
12 consider avenues to address this potential stumbling block.

13
14 The third resolve is being implemented currently and we support codifying this moving
15 forward.

16
17 We recommend deletion of the fourth resolve clause because staff currently writes a
18 Summary of Actions report, which outlines the final outcomes of the items of business of
19 Annual and Interim that is already viewable by all MSS members. We believe an
20 additional annotated Reference Committee Report would require extensive time and
21 effort that would not be significantly different from the existing Summary of Actions
22 report.

23
24 We recommend deletion of the fifth resolve clause because notes on policy actions are
25 sensitive and we believe these notes are best kept internally due to concerns that an
26 open archive could be forwarded outside of MSS members, mistakenly or not, and have
27 detrimental unintended consequences for our Section’s relationships with other
28 Sections.

29
30 We recommend deletion of the sixth resolve clause because the clause is too broad to
31 be meaningful; the asks of this can be accomplished outside of the policymaking
32 process.

33
34 We recommend deletion of the seventh resolve clause because we do not agree that
35 state to state collaboration needs to be codified and that this initiative is currently being
36 carried out by some MSS members and can be done more widely without a specific
37 position on it.

38
39 We support the eighth resolve clause as the guide to citing resolutions and reports has
40 already been created and we recommend to the parties implementing this resolve to
41 post the guide on a public resource such as the MSS Microbrick.

42

1 We recommend amending the ninth resolve clause to remove the archive of all general
2 membership contacts due to privacy concerns; although we understand the potential
3 benefits of national and regional leadership having access to this information, we believe
4 the Local Campus Section contacts are important for communication purposes, while
5 maintaining the privacy rights of all MSS members.

6
7 We recommend deletion of the tenth resolve clause due to feasibility concerns; this
8 resource would be almost impossible to keep accurate.

9
10 We support the eleventh resolve to maintain the MSS Archives Task Force. Lastly, we
11 recommend an additional resolve to cover the asks of the stricken sixth and seventh
12 resolve clauses to ask the ATF to consider JAMA and state advocacy in their new task
13 force and include intentions regarding these in their task force report.

14
15 We believe additional time to work on these topics and consult appropriate parties will
16 allow for more prescriptive and actionable guidance. We thank the Archives Task Force
17 for their extensive work on this report. Your Reference Committee recommends ATF
18 Report be adopted as amended.

19
20 RECOMMENDATION F2:

21
22 The eighth Resolve of SCTF Report be amended by addition and deletion:

23
24 RESOLVED, that the AMA-MSS Governing Council develop a leadership and
25 membership review and recall system ~~as outlined in Section 4~~ and outline
26 this system in the I-24 report; and be it further

27
28 RECOMMENDATION G:

29
30 The ninth Resolve of SCTF Report be amended by addition and deletion:

31
32 RESOLVED, that the AMA-MSS follow the implementation plan outlined in a
33 gSection 7 stating that the current Standing Committees will remain for the
34 2024-2025 term and the new timeline will begin in January of 2025 by
35 selection of leadership for the 2025 - 2026 Division and Standing Committee
36 Chairs, overlapping with the existing structure;

37 a) ~~Following closure of councilor positions post-Interim, applications~~
38 ~~for Division Chairs and Committee Chairs will open allowing~~
39 ~~individuals to apply to both;~~

40 b) ~~Division Chairs will be determined by the Governing Council and~~
41 ~~outgoing Division Chairs similar to councilor positions;~~

- ~~c) Committee Chairs will be selected after Division Chairs are selection by new and outgoing Division Chairs, with endorsements from Governing Council and Standing Committee Leadership;~~
- ~~d) Standing Committee Chair Elects and outgoing Standing Committee Leadership will determine Vice Chair positions for following year;~~

- ~~f) Division and Standing Committee Chairs will be announced at Annual, and general Standing Committee members will be launched;~~
- ~~g) Vice Chairs and general Standing Committee members will be determined by new Division Chairs, Standing Committee Chairs, and Governing Council; and be it further~~

RECOMMENDATION H:

SCTF Report be amended by addition of a new Resolve:

RESOLVED, that the MSS standing committees execute, at minimum, the following functions under the direction of the MSS Governing Council:

- a) Provide recommendations for the policies reviewed as part of the AMA-MSS sunset and consolidation mechanisms under the coordination of the MSS Chair, Vice Chair, and Section Delegates;
- b) Assist in the resolution review process under the coordination of the Section Delegates and Vice Chair;
- c) Host resolution onboarding twice a year led by appropriate Standing Committee leadership to ensure Standing Committee members are all adequately trained to review resolutions.
- ~~d) Author self-generated reports at their discretion, so long as reports requested by the MSS Assembly and/or MSS Governing Council are still completed on the appropriate timeline;~~
- ~~d) Author reports requested by the MSS Assembly and/or MSS Governing Council, with reports expected at the next MSS Assembly meeting~~
- e) One report extension can be granted without question with further extensions will be granted upon approval of appropriate Governing Council members. This timeline will be shared with Assembly at the original deadline meeting;
- f) Produce whereas clauses to facilitate the transfer of any adopted report and, if applicable, to MSS-sponsored resolutions submitted to the AMA House of Delegates
- g) Monitor federal legislation, regulation, and litigation relating to their subject area and work with other MSS members and the MSS Governing Council to organize student-led advocacy efforts and request actions by AMA staff as appropriate;

- 1 h) Organize educational programming and advocacy initiatives as
2 necessary and appropriate; and be it further
3 i) Author comments for AMA Council reports, as directed by the MSS
4 Section Delegates; and be it further
5 j) Support the MSS Governing Council and Staff in tracking and
6 publicizing outcomes and implementation of MSS authored items at
7 the AMA House of Delegates in the Standing Committee area of
8 expertise; and be it further
9

10 **RECOMMENDATION I:**

11
12 SCTF Report be amended by addition of a new Resolve:

13
14 RESOLVED, that our MSS remove specific reference to the Committee on
15 Long Range Planning (COLRP) from the MSS IOPs during its next scheduled
16 revision, to allow for flexibility as our Standing Committee structure
17 continues to evolve and prevent possible incongruence between the IOPs
18 and future MSS practice, without compelling the MSS to maintain COLRP
19 simply because it is outlined in the IOPs.

20
21 **RECOMMENDATION J:**

22
23 SCTF Report be adopted as amended.

24
25 RESOLVED, that our AMA-MSS retain the current committee structure for the
26 2024-2025 term and implement the new committee structure, including a new
27 timeline where the Governing Council elects standing committee chairs and
28 vice chairs prior to the Annual meeting for the 2025-2026 term.

29
30 ~~RESOLVED, that the Standing Committee structure and functioning be~~
31 ~~reviewed on four-year intervals after the completion of the 2025-2026 task~~
32 ~~force with the next report due at A-30; and be it further~~

33
34 RESOLVED, that the revision and implementation of changes to
35 Standing Committee structures and functions are exclusively done at
36 four-year intervals after the completion of the 2025-2026 task force
37 with the next report due at A-30.

26 MSS practice, without compelling the MSS to maintain COLRP
27 simply because it is outlined in the IOPs.
28

29 **ORIGINAL LANGUAGE:**

30
31 Your MSS Standing Committee Task Force (SCTF) recommends that the following
32 recommendations be adopted and the remainder of this report is filed:
33

34 **RESOLVED**, that the AMA-MSS Governing Council (a) implement the recommendations
35 of the Standing Committee Task Force to restructure the Standing Committee framework
36 and leadership model, (b) clarify Standing Committee responsibilities and objectives,
37 and (c) enhance operational efficiency, and (d) report back on the status of report
38 implementation by A-25; and be it further
39

40 **RESOLVED**, that the AMA-MSS Governing Council (a) implement the Division structure
41 as outlined in section 2.2, and (b) include the timeline and requirements for leadership
42 selection as outlined by Section 2.6; and be it further
43

44 **RESOLVED**, that the AMA-MSS Governing Council (a) restructure the existing 16
45 Standing Committees into the proposed 8 Standing Committees as outlined by Section
46 1.2, and (b) include the timeline and requirements for leadership selection as outlined by
47 Section 2.6; and be it further

1
2 RESOLVED, that the AMA-MSS Governing Council restructure the Committee on Long
3 Range Planning to serve in an advisory capacity led by the MSS GC Chair as outlined
4 by Section 1.2.5; and be it further

5
6 RESOLVED, that the AMA-MSS Governing Council restructure the Committee on
7 Impact, Policy, and Action (IMPACT) to serve as a group led by the MSS Section
8 Delegates with an emphasis on training as outlined by Section 1.7; and be it further

9
10 RESOLVED, that the AMA-MSS Governing Council require that Standing Committees
11 produce resolved clauses for reports that are recommended to be transmitted to the
12 AMA House of Delegates and be it further

13
14 RESOLVED, that every Standing Committee leadership team develop a detailed
15 strategic plan at the beginning of their terms; and be it further

16
17 RESOLVED, that the AMA-MSS Governing Council develop a leadership and
18 membership review and recall system as outlined in Section 4; and be it further

19
20 RESOLVED, that the AMA-MSS follow the implementation plan outlined in Section 7
21 stating that the current Standing Committees will remain for the 2024-2025 term and the
22 new timeline will begin in January of 2025 by selection of leadership for the 2025 - 2026
23 Division and Standing Committee Chairs, overlapping with the existing structure; and be
24 it further

25
26 RESOLVED, that a new Standing Committee Task Force will be formed to review the
27 functioning of the new structure and write an informational report regarding the progress
28 of transitions at the I-25 meeting. They will also write a final report with any
29 recommendations at the A-26 meeting; and be it further

30
31 RESOLVED, that the Standing Committee structure and functioning be reviewed on
32 four-year intervals after the completion of the 2025-2026 task force with the next report
33 due at A-30; and be it further

34
35 RESOLVED, that the AMA-MSS rescind 640.008MSS and 640.017MSS and amend
36 640.001MSS, 640.013MSS, and 640.014MSS as outlined in Appendix B.

37
38
39 VRC testimony was limited. Your Reference Committee recommends amendments to
40 the first resolve clause to clarify that the recommendations adopted by the MSS
41 Assembly will be implemented.

42
43 We recommend amendments to the second resolve clause to codify one Division chair
44 per division with flexibility to add additional chairs as needed; we believe the Division
45 chair role can be accomplished by one person, and that a high volume of Division
46 leaders may unintentionally lead to increased confusion regarding proper communication
47 channels.

48

1 We recommend specific restructuring of the Divisions and committees in the third
2 resolve clause to allow the MSS Assembly to comment on the proposed structure. Your
3 Reference Committee would like to note that the structure of the Divisions and
4 committees proposed was amended based on the standing committee feedback given
5 during SCTF meetings and on the VRC.

6
7 We recommend amendments to the fourth resolve to clarify the role of the advisory
8 group and the application process.

9
10 We recommend amendments to the fifth resolve clause to remove the reference to the
11 body of the report and outline the role of IMPACT.

12
13 We recommend removal of the sixth resolve clause as it is encompassed in the
14 proposed resolved clauses in Recommendation H.

15
16 We support the seventh resolve clause and believe the strategic planning process will
17 help the focus of Standing Committees and prepare MSS members for higher leadership
18 roles that use this same process.

19
20 We recommend amendments to the eighth resolve clause to specifically ask for a report
21 back on the recall system in an I-24 report.

22
23 We recommend amendments to the ninth resolve clause to codify the implementation
24 plan instead of referring to the body of the report.

25
26 We support the tenth resolve clause to report back on the progress of the Standing
27 Committee restructuring and work of the new task force.

28
29 We support the eleventh resolve clause to add in a review of the Standing Committees
30 every four years.

31
32 We recommend the addition of a new resolve clause to codify the policy functions of the
33 Standing Committees; we believe functions a-j will be helpful to guide the work of the
34 Standing Committees and outline their collaboration in the policy process.

35
36 We recommend the addition of a second new resolve clause to remove the instances of
37 COLRP in the IOPs since the fourth resolve clause of this report restructures COLRP
38 into an advisory group.

39
40 We support the twelfth resolve clause to update MSS positions based on the work of the
41 task force.

42

1 We thank the Standing Committee Task Force for their extensive work on this report.
2 Your Reference Committee recommends SCTF Report be adopted as amended.

5 **RESOLVED, that our AMA supports donor memorial ceremonies at centers**

7
8 **MSS ACTION: Substitute Resolution 321 adopted in lieu of Resolution 321.**

9
10 **ORIGINAL LANGUAGE:**

11
12 RESOLVED, that our American Medical Association supports the incorporation of
13 humanism in human anatomy education programs, including, but not limited to, curricular
14 time for reflection, discussion, feedback, and accommodations for learners' cultural
15 observances surrounding the deceased; donor recognition ceremonies; and HIPAA-
16 compliant recognition of donor backgrounds with students and trainees.

17
18 VRC testimony was supportive with amendments. Your Reference Committee agrees with
19 testimony to amend the resolution and separate it into three resolve clauses to improve
20 organization and clarity. We believe the substitute resolution addresses the resolution
21 author's asks while strengthening the language. Thus, your Reference Committee
22 recommends Substitute Resolution 321 be adopted in lieu of Resolution 321.

39 **Management Agency funds and resources to be used for heat response.**

40
41 **MSS ACTION: Substitute Resolution 423 adopted in lieu of Resolution 423.**

42
43 **ORIGINAL LANGUAGE:**

1
2 RESOLVED, that our American Medical Association support the timely implementation of
3 updated heat index formulas to be used by the National Weather Service to better guide
4 Weather Forecast Offices nationwide in deploying heat alert thresholds that correspond
5 with the onset of significant heat-attributable health burden; and be it further

6
7 RESOLVED, that our AMA support policy efforts to consider vulnerable populations in
8 heat response plans, including where to implement heat-reducing interventions such as
9 cooling centers, energy assistance, and changes to the built environment, such as urban
10 greenspace.

11
12 VRC testimony was mixed. Your Reference Committee agrees with testimony that the first
13 resolve is outside of the AMA's scope and the second resolve is covered by a pending
14 MSS transmittal. We agree with testimony to propose language that encompasses the
15 spirit of the resolution, is within AMA's scope, and will allow for broad advocacy on this
16 topic. Thus, your Reference Committee recommends Substitute Resolution 423 be
17 adopted in lieu of Resolution 423.

RECOMMENDED FOR NOT ADOPTION

(36) RESOLUTION 008 - ROUTINE PROVISION OF INFORMATION CONCERNING
INSULIN COST-REDUCTION PROGRAMS

RECOMMENDATION:

Resolution 008 not be adopted.

MSS ACTION: Resolution 008 not adopted.

ORIGINAL LANGUAGE:

RESOLVED, that our American Medical Association support the implementation of routine physician-to-patient education (in the form of printed and/or digital information) regarding cost-reduction program options for insulin therapy: 1) at diagnosis, 2) annually and/or when not meeting treatment targets, 3) when complicating factors develop, and 4) when transitions in life and care occur; and be it further

RESOLVED, that our AMA support efforts by specialty societies and other relevant stakeholders to create a standardized informational resource that is: 1) written in plain language, 2) available in printed or digital format, and 3) available in several languages, such that patients can make informed decisions regarding private cost-reduction programs for insulin products.

VRC testimony was opposed to the resolution. Your Reference Committee agrees with testimony that this resolution would not result in any further AMA advocacy because existing policies H-100.964 and H-110.984 impactfully ask the AMA to support affordability of insulin for patients. Additionally, the asks of this resolution are regarding physician-patient education, which is an educational programming objective rather than an advocacy issue that is more in the purview of the AMA. Furthermore, the resolution was shared with the Endocrinology Delegation, and they have expressed interest in working with the student authors to submit the resolution to AMA HOD with appropriate language changes as they see fit. We agree with testimony that this resolution can be introduced through the relevant specialty society. Your Reference Committee recommends Resolution 008 not be adopted.

(37) RESOLUTION 020 - SUPPORT FOR EARLY DETECTION AND
INTERVENTION OF JUVENILE DEPRESSION

RECOMMENDATION:

Resolution 020 not be adopted.

MSS ACTION: Resolution 020 not adopted.

ORIGINAL LANGUAGE:

RESOLVED, that our American Medical Association amend Policy H-60.937, “Youth and Young Adult Suicide in the United States,” as follows;

“Youth and Young Adult Suicide in the United States,” H-60.937

1. Our American Medical Association recognizes child, youth and young adult suicide as a serious health concern in the US.

2. Our AMA encourages the development and dissemination of educational resources and tools for physicians, especially those more likely to encounter child, youth or young adult patients, addressing effective suicide prevention, including screening tools, methods to identify risk factors and acuity, safety planning, and appropriate follow-up care including treatment and linkages to appropriate counseling resources.

3. Our AMA supports collaboration with federal agencies, relevant state and specialty societies, schools, public health agencies, community organizations, and other stakeholders to enhance awareness of the increase in child, youth and young adult suicide and to promote protective factors, raise awareness of risk factors, support evidence-based prevention strategies and interventions, encourage awareness of community mental health resources, and improve care for children, youth and young adults at risk of suicide.

4. Our AMA encourages efforts to provide children, youth and young adults better and more equitable access to treatment and care for depression, substance use disorder, and other disorders that contribute to suicide risk.

5. Our AMA encourages continued research to better understand suicide risk and effective prevention efforts in children, youth and young adults, especially in higher risk sub-populations such as those with a history of childhood trauma and adversity, Black, LGBTQ+, Hispanic/Latinx, Indigenous/Native Alaskan youth and young adult populations, and children in the welfare system.

6. Our AMA supports the development of novel technologies and therapeutics, along with improved utilization of existing medications to address acute suicidality and underlying risk factors in children, youth and young adults.

- 1 7. Our AMA supports research to identify evidence-based
- 2 universal and targeted suicide prevention programs for
- 3 implementation in middle schools and high schools.
- 4 8. Our AMA will publicly call attention to the escalating crisis in
- 5 children, youth and young adult mental health in this country in the
- 6 wake of the Covid-19 pandemic.
- 7 9. Our AMA will advocate at the state and national level for
- 8 policies by young adults mental, emotional, and behavioral health.
- 9 10. Our AMA will advocate for comprehensive system of care
- 10 including prevention, management, and crisis care to address
- 11 mental and behavioral health needs for children, youth, and young
- 12 adults.
- 13 11. Our AMA will advocate for a comprehensive approach to the
- 14 youth, and young adult mental and behavioral health crisis when
- 15 such initiatives and opportunities are consistent with AMA policy.
- 16 12. Our AMA will recommend the use of the PHQ-9 in public
- 17 schools to identify those who may be impacted by Depression or
- 18 other mental illness.
- 19 13. Our AMA will provide access to a list of mental health
- 20 providers and/or ways to access regional mental health providers
- 21 to public schools, for recommended distribution by the school to
- 22 any student who tests positive on the PHQ-9.

23
24 VRC testimony was opposed to the resolution. Your Reference Committee agrees with
25 testimony that the whereas clauses do not contain enough evidence to support the
26 implementation of PHQ-9 screening in all public schools. Additionally, we agree with
27 testimony that the resolution is covered under existing policy H-345.977. Thus, your
28 Reference Committee recommends Resolution 020 not be adopted.

29
30 Improving Pediatric Mental Health Screening H-345.977

31 Our AMA: (1) recognizes the importance of, and supports the
32 inclusion of, mental health (including substance use, abuse, and
33 addiction) screening in routine pediatric physicals; (2) will work with
34 mental health organizations and relevant primary care
35 organizations to disseminate recommended and validated tools for
36 eliciting and addressing mental health (including substance use,
37 abuse, and addiction) concerns in primary care settings; and (3)
38 recognizes the importance of developing and implementing school-
39 based mental health programs that ensure at-risk
40 children/adolescents access to appropriate mental health screening
41 and treatment services and supports efforts to accomplish these
42 objectives. [Res. 414, A-11; Appended: BOT Rep. 12, A-14;
43 Reaffirmed: Res. 403, A-18]

1
2 (38) RESOLUTION 021 - PHYSICIAN-LED AND RURAL ACCESS TO EMERGENCY
3 CARE

4
5 **RECOMMENDATION:**

6
7 **Resolution 021 not be adopted.**

8
9 **MSS ACTION: Resolution 021 not adopted.**

10
11 **ORIGINAL LANGUAGE:**

12
13 RESOLVED, that our AMA-MSS support access to emergency medical care led by
14 Emergency Medicine-trained physicians, where possible, with appropriate exceptions for
15 rural and critical access health systems where their employment is likely to further
16 compromise the systems' financial viability; and be it further

17
18 RESOLVED, that our AMA-MSS support physician-led emergency medical care with
19 appropriate supervision for non-physician healthcare providers, which should include on-
20 site or immediately available physician consultation.

21
22 VRC testimony was mainly opposed to the resolution as written. Your Reference
23 Committee agrees with testimony that the whereas clauses do not provide enough
24 evidence for the asks of this resolution. A similar resolution was proposed at I-23,
25 triggering an AMA Board of Trustees (BOT) report on the requirements for on-site
26 emergency physicians that is set to reach the House of Delegates at I-24. Your Reference
27 Committee deliberated many strategic considerations posed on the VRC and we agree
28 with testimony that this resolution needs more time to address scope of practice and
29 actionability. We agree with testimony that this resolution as written could have unintended
30 consequences such as limiting access to healthcare in rural areas. Given the complexity
31 of the issue, your Reference Committee believes we need the information from the BOT
32 report prior to taking a stance on requirements for on-site physicians in emergency
33 departments. Thus, your Reference Committee recommends Resolution 021 not be
34 adopted.

35
36 (39) RESOLUTION 022 - OPPOSITION TO CAPITAL PUNISHMENT

37
38 **RECOMMENDATION:**

39
40 **Resolution 022 not be adopted.**

41
42 **MSS ACTION: Resolution 022 not adopted.**

43

1 **ORIGINAL LANGUAGE:**

2
3 RESOLVED, that our American Medical Association oppose all forms of capital
4 punishment.

5
6 VRC testimony was supportive of the resolution. Your Reference Committee agrees with
7 testimony that this resolution is novel and has a strong evidence base. We do not
8 recommend adoption of this resolution because the Minority Affairs Section submitted the
9 same resolution to the AMA HOD A-24 Meeting. The MSS has a current internal position
10 opposing capital punishment as seen in 270.035MSS, rendering both an external and
11 internal ask redundant. Thus, your Reference Committee thanks the authors for their work
12 on this resolution and recommends Resolution 022 not be adopted.

13
14 (40) RESOLUTION 023 - IMPROVING IPV SCREENING FOR PEOPLE WITH
15 DISABILITIES

16
17 **RECOMMENDATION:**

18
19 **Resolution 023 not be adopted.**

20
21 **MSS ACTION: Resolution 023 not adopted.**

22
23 **ORIGINAL LANGUAGE:**

24
25 RESOLVED, that our American Medical Association study the prevalence of IPV in
26 people with disabilities, currently available screening tools for IPV in people with
27 disabilities, and the unique IPV-related issues faced by people with disabilities; and be it
28 further

29
30 RESOLVED, that our AMA promote research into the validation, development, and
31 implementation of improved evidence-based IPV screening that addresses the specific
32 forms of abuse faced by people with disabilities; and be it further

33
34 RESOLVED, that our AMA support efforts to educate physicians regarding the
35 importance of regular IPV screening for patients with disabilities using an evidence-
36 based and validated disability-specific screening tool.

37
38 VRC testimony was opposed to the resolution. Your Reference Committee agrees with
39 testimony that this resolution is covered under existing policy H-515.965. Thus, we agree
40 with testimony that this resolution will not meaningfully change AMA's advocacy efforts.
41 Additionally, as mentioned in the whereas clauses, the Abuse Assessment Screen-
42 Disability _AAS-D) already exists and has higher accuracy than traditional screening

1 tools, therefore, AMA advocacy efforts may not result in meaningful change. Your
2 Reference Committee recommends Resolution 023 not be adopted.

3
4 Family and Intimate Partner Violence H-515.965

5 (1) Our AMA believes that all forms of family and intimate partner
6 violence (IPV) are major public health issues and urges the
7 profession, both individually and collectively, to work with other
8 interested parties to prevent such violence and to address the
9 needs of survivors. Physicians have a major role in lessening the
10 prevalence, scope and severity of child maltreatment, intimate
11 partner violence, and elder abuse, all of which fall under the rubric
12 of family violence. To support physicians in practice, our AMA will
13 continue to campaign against family violence and remains open to
14 working with all interested parties to address violence in US society.

15 (2) Our AMA believes that all physicians should be trained in issues
16 of family and intimate partner violence through undergraduate and
17 graduate medical education as well as continuing professional
18 development. The AMA, working with state, county and specialty
19 medical societies as well as academic medical centers and other
20 appropriate groups such as the Association of American Medical
21 Colleges, should develop and disseminate model curricula on
22 violence for incorporation into undergraduate and graduate medical
23 education, and all parties should work for the rapid distribution and
24 adoption of such curricula. These curricula should include coverage
25 of the diagnosis, treatment, and reporting of child maltreatment,
26 intimate partner violence, and elder abuse and provide training on
27 interviewing techniques, risk assessment, safety planning, and
28 procedures for linking with resources to assist survivors. Our AMA
29 supports the inclusion of questions on family violence issues on
30 licensure and certification tests.

31 (3) The prevalence of family violence is sufficiently high and its
32 ongoing character is such that physicians, particularly physicians
33 providing primary care, will encounter survivors on a regular basis.
34 Persons in clinical settings are more likely to have experienced
35 intimate partner and family violence than non-clinical populations.
36 Thus, to improve clinical services as well as the public health, our
37 AMA encourages physicians to: (a) Routinely inquire about the
38 family violence histories of their patients as this knowledge is
39 essential for effective diagnosis and care; (b) Upon identifying
40 patients currently experiencing abuse or threats from intimates,
41 assess and discuss safety issues with the patient before he or she
42 leaves the office, working with the patient to develop a safety or exit
43 plan for use in an emergency situation and making appropriate

1 referrals to address intervention and safety needs as a matter of
2 course; (c) After diagnosing a violence-related problem, refer
3 patients to appropriate medical or health care professionals and/or
4 community-based trauma-specific resources as soon as possible;
5 (d) Have written lists of resources available for survivors of violence,
6 providing information on such matters as emergency shelter,
7 medical assistance, mental health services, protective services and
8 legal aid; (e) Screen patients for psychiatric sequelae of violence
9 and make appropriate referrals for these conditions upon identifying
10 a history of family or other interpersonal violence; (f) Become aware
11 of local resources and referral sources that have expertise in
12 dealing with trauma from IPV; (g) Be alert to men presenting with
13 injuries suffered as a result of intimate violence because these men
14 may require intervention as either survivors or abusers themselves;
15 (h) Give due validation to the experience of IPV and of observed
16 symptomatology as possible sequelae; (i) Record a patient's IPV
17 history, observed traumata potentially linked to IPV, and referrals
18 made; (j) Become involved in appropriate local programs designed
19 to prevent violence and its effects at the community level.

20 (4) Within the larger community, our AMA:

21 (a) Urges hospitals, community mental health agencies, and other
22 helping professions to develop appropriate interventions for all
23 survivors of intimate violence. Such interventions might include
24 individual and group counseling efforts, support groups, and
25 shelters.

26 (b) Believes it is critically important that programs be available for
27 survivors and perpetrators of intimate violence.

28 (c) Believes that state and county medical societies should convene
29 or join state and local health departments, criminal justice and
30 social service agencies, and local school boards to collaborate in
31 the development and support of violence control and prevention
32 activities.

33 (5) With respect to issues of reporting, our AMA strongly supports
34 mandatory reporting of suspected or actual child maltreatment and
35 urges state societies to support legislation mandating physician
36 reporting of elderly abuse in states where such legislation does not
37 currently exist. At the same time, our AMA oppose the adoption of
38 mandatory reporting laws for physicians treating competent, non-
39 elderly adult survivors of intimate partner violence if the required
40 reports identify survivors. Such laws violate basic tenets of medical
41 ethics. If and where mandatory reporting statutes dealing with
42 competent adults are adopted, the AMA believes the laws must
43 incorporate provisions that: (a) do not require the inclusion of

1 survivors' identities; (b) allow competent adult survivors to opt out
2 of the reporting system if identifiers are required; (c) provide that
3 reports be made to public health agencies for surveillance purposes
4 only; (d) contain a sunset mechanism; and (e) evaluate the efficacy
5 of those laws. State societies are encouraged to ensure that all
6 mandatory reporting laws contain adequate protections for the
7 reporting physician and to educate physicians on the particulars of
8 the laws in their states.

9 (6) Substance abuse and family violence are clearly connected. For
10 this reason, our AMA believes that:

11 (a) Given the association between alcohol and family violence,
12 physicians should be alert for the presence of one behavior given a
13 diagnosis of the other. Thus, a physician with patients with alcohol
14 problems should screen for family violence, while physicians with
15 patients presenting with problems of physical or sexual abuse
16 should screen for alcohol use.

17 (b) Physicians should avoid the assumption that if they treat the
18 problem of alcohol or substance use and abuse they also will be
19 treating and possibly preventing family violence.

20 (c) Physicians should be alert to the association, especially among
21 female patients, between current alcohol or drug problems and a
22 history of physical, emotional, or sexual abuse. The association is
23 strong enough to warrant complete screening for past or present
24 physical, emotional, or sexual abuse among patients who present
25 with alcohol or drug problems.

26 (d) Physicians should be informed about the possible
27 pharmacological link between amphetamine use and human violent
28 behavior. The suggestive evidence about barbiturates and
29 amphetamines and violence should be followed up with more
30 research on the possible causal connection between these drugs
31 and violent behavior.

32 (e) The notion that alcohol and controlled drugs cause violent
33 behavior is pervasive among physicians and other health care
34 providers. Training programs for physicians should be developed
35 that are based on empirical data and sound theoretical formulations
36 about the relationships among alcohol, drug use, and violence.

12
13 **FINAL LANGUAGE:**

14
15 **RESOLVED, that our American Medical Association advocate for**
16 **readily accessible gender affirming care to meet the distinct**
17 **healthcare needs of transgender and gender diverse individuals who**
18 **are incarcerated, including but not limited to gender-affirming**
19 **surgical procedures and the continuation or initiation of hormone**

21
22 **ORIGINAL LANGUAGE:**

23
24 RESOLVED, that our American Medical Association advocate for readily accessible
25 gender affirming care to meet the distinct healthcare needs of transgender and gender
26 diverse individuals who are incarcerated, including but not limited to evaluations for
27 gender-affirming surgical procedures and the continuation or initiation of hormone
28 therapy without disruption or delay.

29
30 VRC testimony was opposed to the resolution. Your Reference Committee agrees with
31 testimony that the AMA has strong policy supporting access to Gender Affirming Care
32 and the resolution will not change AMA advocacy efforts. We agree with testimony that
33 this resolution is covered under H-185.927, H-430.982, and H-430.986. Your Reference
34 Committee recommends Resolution 203 not be adopted.

35
36 Clarification of Evidence-Based Gender-Affirming Care

37 Our American Medical Association recognizes that medical and
38 surgical treatments for gender dysphoria and gender incongruence,
39 as determined by shared decision making between the patient and
40 physician, are medically necessary as outlined by generally-
41 accepted standards of medical and surgical practice.

42 Our AMA will work with state and specialty societies and other
43 interested stakeholders to: advocate for federal, state, and local

1 laws and policies to protect access to evidence-based care for
2 gender dysphoria and gender incongruence; oppose laws and
3 policies that criminalize, prohibit or otherwise impede the provision
4 of evidence-based, gender-affirming care, including laws and
5 policies that penalize parents and guardians who support minors
6 seeking and/or receiving gender-affirming care; support protections
7 against violence and criminal, civil, and professional liability for
8 physicians and institutions that provide evidence-based, gender
9 affirming care and patients who seek and/or receive such care, as
10 well as their parents and guardians; and communicate with
11 stakeholders and regulatory bodies about the importance of
12 gender-affirming care for patients with gender dysphoria and
13 gender incongruence.

14 Our AMA will advocate for equitable, evidence-based coverage of
15 gender-affirming care by health insurance providers, including
16 public and private insurers. [Res. 05, A-16; Modified: Res. 015, A-
17 21; Modified: Res. 223, A-23; Appended: Res. 304, A-23]

18

19 Appropriate Placement of Transgender Prisoners H-430.982

20 1. Our AMA supports the ability of transgender prisoners to be
21 placed in facilities, if they so choose, that are reflective of their
22 affirmed gender status, regardless of the prisoner's genitalia,
23 chromosomal make-up, hormonal treatment, or non-, pre-, or post-
24 operative status.

25 2. Our AMA supports that the facilities housing transgender
26 prisoners shall not be a form of administrative segregation or
27 solitary confinement. [BOT Rep. 24, A-18]

28

29 Health Care While Incarcerated H-430.986

30 Our American Medical Association advocates for adequate
31 payment to health care providers, including primary care and
32 mental health, and addiction treatment professionals, to encourage
33 improved access to comprehensive physical and behavioral health
34 care services to juveniles and adults throughout the incarceration
35 process from intake to re-entry into the community.

36 Our AMA advocates and requires a smooth transition including
37 partnerships and information sharing between correctional
38 systems, community health systems and state insurance programs
39 to provide access to a continuum of health care services for
40 juveniles and adults in the correctional system, including
41 correctional settings having sufficient resources to assist
42 incarcerated persons' timely access to mental health, drug and
43 residential rehabilitation facilities upon release.

1 Our AMA encourages state Medicaid agencies to accept and
2 process Medicaid applications from juveniles and adults who are
3 incarcerated.

4 Our AMA encourages state Medicaid agencies to work with their
5 local departments of corrections, prisons, and jails to assist
6 incarcerated juveniles and adults who may not have been enrolled
7 in Medicaid at the time of their incarceration to apply and receive
8 an eligibility determination for Medicaid.

9 Our AMA advocates for states to suspend rather than terminate
10 Medicaid eligibility of juveniles and adults upon intake into the
11 criminal legal system and throughout the incarceration process, and
12 to reinstate coverage when the individual transitions back into the
13 community.

14 Our AMA advocates for Congress to repeal the “inmate exclusion”
15 of the 1965 Social Security Act that bars the use of federal Medicaid
16 matching funds from covering healthcare services in jails and
17 prisons.

18 Our AMA advocates for Congress and the Centers for Medicare &
19 Medicaid Services (CMS) to revise the Medicare statute and
20 rescind related regulations that prevent payment for medical care
21 furnished to a Medicare beneficiary who is incarcerated or in
22 custody at the time the services are delivered.

23 Our AMA advocates for necessary programs and staff training to
24 address the distinctive health care needs of women and adolescent
25 females who are incarcerated, including gynecological care and
26 obstetrics care for individuals who are pregnant or postpartum.

27 Our AMA will collaborate with state medical societies, relevant
28 medical specialty societies, and federal regulators to emphasize the
29 importance of hygiene and health literacy information sessions, as
30 well as information sessions on the science of addiction, evidence-
31 based addiction treatment including medications, and related
32 stigma reduction, for both individuals who are incarcerated and staff
33 in correctional facilities.

34 Our AMA supports:
35 linkage of those incarcerated to community clinics upon release in
36 order to accelerate access to comprehensive health care, including
37 mental health and substance use disorder services, and improve
38 health outcomes among this vulnerable patient population, as well
39 as adequate funding;
40 the collaboration of correctional health workers and community
41 health care providers for those transitioning from a correctional
42 institution to the community;

1 the provision of longitudinal care from state supported social
2 workers, to perform foundational check-ins that not only assess
3 mental health but also develop lifestyle plans with newly released
4 people; and

5 collaboration with community-based organizations and integrated
6 models of care that support formerly incarcerated people with
7 regard to their health care, safety, and social determinant of health
8 needs, including employment, education, and housing.

9 Our AMA advocates for the continuation of federal funding for
10 health insurance benefits, including Medicaid, Medicare, and the
11 Children's Health Insurance Program, for otherwise eligible
12 individuals in pre-trial detention.

13 Our AMA advocates for the prohibition of the use of co-payments to
14 access healthcare services in correctional facilities.

15 Our AMA encourages the following qualifications for the Director
16 and Assistant Director of the Health Services Division within the
17 Federal Bureau of Prisons:

18 MD or DO, or an international equivalent degree with at least five
19 years of clinical experience at a Bureau of Prisons medical facility
20 or a community clinical setting;

21 knowledge of health disparities among Black, American Indian and
22 Alaska Native, and people of color, including the pathophysiological
23 basis of the disease process and the social determinants of health
24 that affect disparities; and

25 knowledge of the health disparities among individuals who are
26 involved with the criminal justice system.

27 Our AMA will collaborate with interested parties to promote the
28 highest quality of health care and oversight for those who are
29 involved in the criminal justice system by advocating for health
30 administrators and executive staff to possess credentials and
31 experience comparable to individuals in the community in similar
32 professional roles. [CMS Rep. 02, I-16; Appended: Res. 417, A-19;

27
28 VRC testimony was split between support and opposition to the resolution as written.
29 Your Reference Committee agrees with testimony that the evidence presented in the
30 whereas clauses is not enough to support the asks of the resolution. We agree with
31 testimony that the first resolve clause is not actionable as supporting awareness is not a
32 clear advocacy effort. Additionally, the second resolve clause is unlikely to result in
33 meaningful advocacy at this time. Your Reference Committee recommends Resolution
34 213 not be adopted.

36 (43) RESOLUTION 308 - EXPANDING MEDICAL EDUCATION ACCESS AND

39 **RECOMMENDATION:**

40
41 **Resolution 308 not be adopted.**

42
43 **MSS ACTION: Resolution 308 referred.**

44

1 RESOLVED, that our American Medical Association collaborate with appropriate

4
5 RESOLVED, that our AMA amend Policy H-200.951, "Strategies for Enhancing Diversity
6 in the Physician Workforce," as follows:

7
8 **Strategies for Enhancing Diversity in the Physician**
9 **Workforce, H-200.951**

10 Our AMA: (1) supports increased diversity across all specialties in
11 the physician workforce in the categories of race, ethnicity,
12 disability status, sexual orientation, gender identity,
13 socioeconomic origin, ~~and~~ rurality, and first-generation status; (2)
14 commends the Institute of Medicine (now known as the National
15 Academies of Sciences, Engineering, and Medicine) for its report,
16 "In the Nation's Compelling Interest: Ensuring Diversity in the
17 Health Care Workforce," and supports the concept that a racially
18 and ethnically diverse educational experience results in better
19 educational outcomes; (3) encourages the development of
20 evidence-informed programs to build role models among
21 academic leadership and faculty for the mentorship of students,
22 residents, and fellows underrepresented in medicine and in
23 specific specialties; (4) encourages physicians to engage in their
24 communities to guide, support, and mentor high school and
25 undergraduate students with a calling to medicine; (5) encourages
26 medical schools, health care institutions, managed care and other
27 appropriate groups to adopt and utilize activities that bolster
28 efforts to include and support individuals who are
29 underrepresented in medicine by developing policies that
30 articulate the value and importance of diversity as a goal that
31 benefits all participants, cultivating and funding programs that
32 nurture a culture of diversity on campus, and recruiting faculty and
33 staff who share this goal; and (6) continue to study and provide
34 recommendations to improve the future of health equity and racial
35 justice in medical education, the diversity of the health workforce,
36 and the outcomes of marginalized patient populations.

37
38 VRC testimony was opposed to the resolution. Your Reference Committee appreciates
39 the spirit of the resolution, but we agree with testimony that the first resolve clause is
40 covered under existing policy H-200.951 and would not result in intended additional
41 advocacy. We agree with testimony on the second resolve clause that opening up
42 previously passed AMA policy to amendments and discussion given current DEI
43 controversies may result in unintended consequences. Your Reference Committee

1 further reviewed the late testimony provided by the authorship team, and while we
2 appreciate the efforts by the authors to strengthen this resolution, we do not believe that
3 the new ask was supported by the whereas clauses. Thus, your Reference Committee
4 recommends Resolution 308 not be adopted.

Resolution 311 not be adopted.

MSS ACTION: Resolution 311 not adopted.

ORIGINAL LANGUAGE:

RESOLVED, that our American Medical Association partner with Accreditation Council for Graduate Medical Education, Association of American Medical Colleges, American Osteopathic Association, American Association of Colleges of Osteopathic Medicine, and other appropriate stakeholders to require all residency programs to report the number of DO and MD applicants they interview and rank as part of the NRMP Annual Report.

VRC testimony was opposed to the resolution. Your Reference Committee agrees with testimony that this resolution is covered under existing policy D-310.977. Since the resolution is not novel, we agree that the resolution will not result in meaningful advocacy. Your Reference Committee recommends Resolution 311 not be adopted.

National Resident Matching Program Reform D-310.977

Our AMA:

- (1) will work with the National Resident Matching Program (NRMP) to develop and distribute educational programs to better inform applicants about the NRMP matching process, including the existing NRMP waiver and violations review policies;
- (2) will actively participate in the evaluation of, and provide timely comments about, all proposals to modify the NRMP Match;
- (3) will request that the NRMP explore the possibility of including the Osteopathic Match in the NRMP Match;
- (4) will continue to review the NRMP's policies and procedures and make recommendations for improvements as the need arises, to include making the conditions of the Match agreement more transparent while assuring the confidentiality of the match;
- (5) will work with the Accreditation Council for Graduate Medical Education (ACGME) and other appropriate agencies to assure that the terms of employment for resident physicians are fair and equitable and reflect the unique and extensive amount of education and experience acquired by physicians;
- (6) does not support the current the "All-In" policy for the Main Residency Match to the extent that it eliminates flexibility within the match process;
- (7) will work with the NRMP, and other residency match programs, in revising Match policy, including the secondary match or scramble

1 process to create more standardized rules for all candidates
2 including application timelines and requirements;
3 (8) will work with the NRMP and other external bodies to develop
4 mechanisms that limit disparities within the residency application
5 process and allow both flexibility and standard rules for applicants;
6 (9) encourages the National Resident Matching Program to study
7 and publish the effects of implementation of the Supplemental Offer
8 and Acceptance Program on the number of residency spots not
9 filled through the Main Residency Match and include stratified
10 analysis by specialty and other relevant areas;
11 (10) will work with the NRMP and ACGME to evaluate the
12 challenges in moving from a time-based education framework
13 toward a competency-based system, including: a) analysis of time-
14 based implications of the ACGME milestones for residency
15 programs; b) the impact on the NRMP and entry into residency
16 programs if medical education programs offer variable time lengths
17 based on acquisition of competencies; c) the impact on financial aid
18 for medical students with variable time lengths of medical education
19 programs; d) the implications for interprofessional education and
20 rewarding teamwork; and e) the implications for residents and
21 students who achieve milestones earlier or later than their peers;
22 (11) will work with the Association of American Medical Colleges
23 (AAMC), American Osteopathic Association (AOA), American
24 Association of Colleges of Osteopathic Medicine (AACOM), and
25 National Resident Matching Program (NRMP) to evaluate the
26 current available data or propose new studies that would help us
27 learn how many students graduating from US medical schools each
28 year do not enter into a US residency program; how many never
29 enter into a US residency program; whether there is
30 disproportionate impact on individuals of minority racial and ethnic
31 groups; and what careers are pursued by those with an MD or DO
32 degree who do not enter residency programs;
33 (12) will work with the AAMC, AOA, AACOM and appropriate
34 licensing boards to study whether US medical school graduates and
35 international medical graduates who do not enter residency
36 programs may be able to serve unmet national health care needs;
37 (13) will work with the AAMC, AOA, AACOM and the NRMP to
38 evaluate the feasibility of a national tracking system for US medical
39 students who do not initially match into a categorical residency
40 program;
41 (14) will discuss with the National Resident Matching Program,
42 Association of American Medical Colleges, American Osteopathic
43 Association, Liaison Committee on Medical Education,

1 Accreditation Council for Graduate Medical Education, and other
2 interested bodies potential pathways for reengagement in medicine
3 following an unsuccessful match and report back on the results of
4 those discussions;
5 (15) encourages the Association of American Medical Colleges to
6 work with U.S. medical schools to identify best practices, including
7 career counseling, used by medical schools to facilitate successful
8 matches for medical school seniors, and reduce the number who
9 do not match;
10 (16) supports the movement toward a unified and standardized
11 residency application and match system for all non-military
12 residencies;
13 (17) encourages the Educational Commission for Foreign Medical
14 Graduates (ECFMG) and other interested stakeholders to study the
15 personal and financial consequences of ECFMG-certified U.S.
16 IMGs who do not match in the National Resident Matching Program
17 and are therefore unable to get a residency or practice medicine;
18 (18) encourages the AAMC, AACOM, NRMP, and other key
19 stakeholders to jointly create a no-fee, easily accessible
20 clearinghouse of reliable and valid advice and tools for residency
21 program applicants seeking cost-effective methods for applying to
22 and successfully matching into residency; and
23 (19) will work with appropriate stakeholders to study options for
24 improving transparency in the resident application process. [CME

32
33 (45) RESOLUTION 313 - OPPOSITION TO MEDICAL SCHOOL ADMISSIONS
34 PREFERENCE FOR CHILDREN OF DONORS AND FACULTY

35
36 **RECOMMENDATION:**

37
38 **Resolution 313 not be adopted.**

39
40 **MSS ACTION: Resolution 313 not adopted.**

41
42 **ORIGINAL LANGUAGE:**
43

1 RESOLVED, that our American Medical Association recognize that relation to donors
2 may be one reason, among many, for an applicant to express interest in a particular
3 school, but otherwise oppose consideration of donor relations in the evaluation of
4 medical school applicants due to its discriminatory impact on the diversity of the
5 physician workforce; and be it further

6
7 RESOLVED, that our AMA work with the Association of American Medical Colleges
8 (AAMC) and American Association of Colleges of Osteopathic Medicine (AACOM) to
9 deemphasize the consideration of donor relation status in medical school admissions;
10 and be it further

11
12 RESOLVED, that our AMA work with AAMC, AACOM, or other relevant stakeholders to
13 investigate the prevalence and impacts of faculty relation status in medical school
14 admissions.

15
16 VRC testimony was mainly opposed to the resolution as written. We agree with
17 testimony that there is not a clear delineation between donor status and legacy status.
18 Your Reference Committee discussed that donor status and legacy status may be two
19 distinct entities but may also be related in certain instances. Your Reference Committee
20 agrees with testimony that the resolution is covered under existing policy H-295.845.
21 Since H-295.845 was recently adopted at A-23, we do not believe the introduction of
22 more policy will result in meaningful AMA advocacy efforts at this time. Thus, your
23 Reference Committee recommends Resolution 313 not be adopted.

24
25 Against Legacy Preferences as a Factor in Medical School
26 Admissions H-295.845

27 Our American Medical Association recognizes that legacy status
28 may be one of many stated reasons an applicant may offer for
29 interest in a particular medical school, but opposes the use of
30 questions about legacy status in the medical school application
31 process due to their discriminatory impact. [Res. 309, A-23]

32
33 (46) RESOLUTION 315 - REMOVING HEADSHOT REQUIREMENTS FROM
34 MEDICAL SCHOOL, RESIDENCY, AND FELLOWSHIP APPLICATIONS

35
36 **RECOMMENDATION:**

37
38 **Resolution 315 not be adopted.**

39
40 **MSS ACTION: Resolution 315 not adopted.**

41
42 **ORIGINAL LANGUAGE:**
43

1 RESOLVED, that our American Medical Association support discontinuing the headshot
2 requirement from all medical school, residency program, and fellowship applications,
3 and be it further

4
5 RESOLVED, that our AMA support blinding selection committees to all applicant's
6 photographs prior to granting interviews in instances where discontinuation of headshot
7 requirements proves unattainable.

8
9 VRC testimony was mainly opposed to the resolution as written. The Reference
10 Committee agrees with concerns that the resolution lacks sufficient evidence to support
11 the resolve clauses. Additionally, we agree with testimony that the resolution does not
12 address unintended consequences of the resolve clauses as written. Thus, your
13 Reference Committee recommends Resolution 315 not be adopted.

14
15 (47) RESOLUTION 402 – STUDYING THE EFFECTS OF PLANT-BASED MEAT

16
17 **RECOMMENDATION:**

18
19 **Resolution 402 not be adopted.**

20
21 **MSS ACTION: Resolution 402 adopted as amended.**

22
23 **RESOLVED, that our AMA-MSS edit the pending transmittal titled**
24 **“Support for Research on the Nutritional and Other Impacts of Plant-**
25 **Based Meat” as follows:**

26
27 **RESOLVED, that our American Medical Association study and report**
28 **back with policy recommendations on the health and climate-related**
29 **effects of consuming work with appropriate parties to support plant-**
30 **based and lab-grown meat research funding.**

31
32 **FINAL LANGUAGE:**

33
34 **RESOLVED, that our AMA-MSS edit the pending transmittal titled**
35 **“Support for Research on the Nutritional and Other Impacts of Plant-**
36 **Based Meat” as follows:**

37
38 **That our American Medical Association study and**
39 **report back with policy recommendations on the health-**
40 **and climate- related effects of consuming work with**
41 **appropriate parties to support plant-based and lab-**
42 **grown meat research funding.**

43
44 **ORIGINAL LANGUAGE:**
45

1 RESOLVED, that our AMA-MSS edit the pending transmittal titled “Support for Research
2 on the Nutritional and Other Impacts of Plant-Based Meat” as follows:

3
4 “RESOLVED, that our American Medical Association study the
5 health-related effects of consuming ~~work with appropriate parties to~~
6 support plant-based and lab-grown ~~meat research funding.~~”
7

8 VRC testimony was split. Your Reference Committee agrees with testimony that the
9 MSS A-22 report titled “Advocating for Plant-Based Meat Research and Regulation,”
10 which performed a literature review on plant-based meat, concluded that there was
11 limited data available on this subject. Therefore, we believe requesting an AMA study is
12 not the appropriate advocacy avenue on this subject. We believe the AMA should work
13 with appropriate stakeholders to support research bodies in their efforts on plant-based
14 meat data collection. Your Reference Committee recommends Resolution 402 not be
15 adopted.

16
17 (48) RESOLUTION 403 – IMPROVING CHILD DISCIPLINARY EDUCATION FOR
18 CAREGIVERS

19
20 **RECOMMENDATION:**

21
22 **Resolution 403 not be adopted.**

23
24 **MSS ACTION: Resolution 403 not adopted.**
25

26 **ORIGINAL LANGUAGE:**

27
28 RESOLVED, that our American Medical Association collaborate with the American
29 Academy of Pediatrics, American Academy of Child and Adolescent Psychiatry, American
30 Academy of Family Physicians, Centers for Disease Control, and other relevant
31 organizations to develop novel culturally-concordant “how-to-discipline children”
32 educational resources and programs that are centralized online in multiple languages to
33 be offered to caregivers by the 6 month well child visit without cost; and be it further
34

35 RESOLVED, that our AMA work with the relevant specialty societies to develop a
36 standardized CME training on AMA Ed Hub for residents and physicians.

37
38 VRC testimony was opposed to the resolution as written. The Reference Committee
39 agrees with testimony that the resolution is covered under H-515.995, and therefore will
40 not meaningfully impact AMA advocacy efforts. Your Reference Committee recommends
41 Resolution 403 not be adopted.
42

1 (49) RESOLUTION 404 – SUPPORT FOR STANDARDIZED PERIODIC HEARING
2 SCREENINGS IN PRIMARY SCHOOLS
3

4 **RECOMMENDATION:**
5

6 **Resolution 404 not be adopted.**
7

8 **MSS ACTION: Resolution 404 not adopted.**
9

10 **ORIGINAL LANGUAGE:**

11
12 RESOLVED, that our American Medical Association support periodic hearing screenings
13 in children based on evidence-based guidelines, including a national recommendation for
14 the development of standardized periodic hearing screenings in primary schools with
15 appropriate referral to a physician for a comprehensive audiologic evaluation.
16

17 VRC testimony was opposed to the resolution as written. The Reference Committee
18 agrees with testimony that the whereas clauses do not establish a strong evidence base.
19 We agree with testimony that the asks of the resolution will not significantly changes
20 AMA's advocacy efforts. The American Academy of Pediatrics already has detailed
21 guidelines regarding hearing screenings in children, and expanding these
22 recommendations would be within the purview of specialty societies. Your Reference
23 Committee recommends Resolution 404 not be adopted.
24

25 (50) CME CDA REPORT A – STUDYING EFFECTS OF ONLINE EDUCATION ON
26 MEDICAL EDUCATION OUTCOMES DURING COVID-19 PANDEMIC
27

28 **RECOMMENDATION:**
29

30 **CME CDA Report A not be adopted.**
31

32 **MSS ACTION: Substitute CME CDA Report A adopted in lieu of CME**
33 **CDA Report A.**
34

35 **FINAL LANGUAGE:**
36

37 **RESOLVED that our American Medical Association promote a**
38 **systems approach to student well-being and support research into**
39 **the impact (beneficial or deleterious) of various educational**
40 **structures and processes including but not limited to the use of third-**
41 **party resources, distance learning upon learner well-being and self-**
42 **efficacy.**
43

44 **ORIGINAL LANGUAGE:**

1
2 Your Committee on Medical Education and Committee on Disability Affairs recommend
3 that the following recommendations are adopted in lieu of and the remainder of this report
4 is filed:

5
6 **RESOLVED**, that our AMA study the impact of curricular structure including
7 distance learning and third-party educational resources in undergraduate medical
8 education on knowledge- and behavioral-based core competencies of medical
9 education and student mental health.

10
11 VRC testimony was mixed. The Reference Committee agrees with testimony that an
12 AMA study on this topic is not impactful. We agree with testimony that the asks of the
13 resolution will not significantly change AMA's advocacy efforts by asking the AMA to do
14 a literature review. Your Reference Committee discussed amendments proposed on the
15 VRC in length, but ultimately decided on our recommendation to not adopt due to the
16 existence of ChangeMedEd and their experimental and innovative work and ongoing
17 studies on undergraduate medical education. We feel that AMA policy on this issue
18 would not result in a meaningful outcome or addition to the work that is already
19 underway. Your Reference Committee recommends CME CDA Report A not be
20 adopted.

21
22 (51) WIM COLA LGBTQ+ REPORT A – ADDRESSING GENDER-BASED
23 DISPARITIES ON HEALTH-RELATED CONSUMERGOODS (THE PINK TAX)

24
25 **RECOMMENDATION:**

26
27 **WIM COLA LGBTQ+ Report A not be adopted.**

28
29 **MSS ACTION: WIM COLA LGBTQ+ Report A adopted.**

30
31 **FINAL LANGUAGE:**

32
33 **RESOLVED**, that our American Medical Association support federal
34 and state efforts to minimize gender-based pricing disparities.

35
36 **ORIGINAL LANGUAGE:**

37
38 Your Women in Medicine Committee, Committee on Legislation & Advocacy, and
39 Committee on LGBTQ+ Affairs, recommend(s) that the following recommendation is
40 adopted in lieu of Resolution 049 and the remainder of this report be filed:

41
42 **RESOLVED**, that our American Medical Association support federal and state
43 efforts to minimize gender-based pricing disparities.
44

1 VRC testimony was supportive. However, while this report provided further gender
2 disparities in consumer goods, the Reference Committee agrees that the questions of
3 scope and feasibility posed to the Standing Committees were not addressed in this
4 report. Additionally, the single ask resulting from this report is too broad and the body of
5 the report has provided little substantive evidence for the effectiveness of the ask. Your
6 Reference Committee recommends WIM COLA LGBTQ+ Report not be adopted.

RECOMMENDED FOR FILING

(52) GC REPORT B – MSS ACTION ITEM UPDATE REPORT

RECOMMENDATION:

GC Report B be filed.

MSS ACTION: GC Report B filed.

ORIGINAL LANGUAGE:

Your MSS Governing Council recommends GC Report B be filed.

The Reference Committee thanks the MSS Governing Council for a comprehensive report on the status of MSS Action Items submitted since the MSS Interim 2023 Meeting. Your Reference Committee recommends GC Report B be filed.

(53) SD REPORT B – POLICY PROCEEDINGS OF THE INTERIM 2023 HOUSE OF DELEGATES MEETING

RECOMMENDATION:

SD Report B be filed.

MSS ACTION: SD Report B filed.

ORIGINAL LANGUAGE:

Your Section Delegates recommend GC Report B be filed.

The Reference Committee thanks the MSS Section Delegates for a comprehensive report on the actions of the MSS Interim 2023 Meeting. Your Reference Committee recommends SD Report B be filed.
