

CPT® Category I Codes for Avian Flu Long Descriptors

Most recent changes to the CPT® Category I New Avian Flu Long Descriptor document:

- Addition of 1 Category I code (90695) accepted by the CPT Editorial Panel.

It is important to note that further CPT Editorial Panel or Executive Committee actions may affect these codes and/or descriptors. For this reason, code numbers and/or descriptor language in the CPT code set may differ at the time of publication. In addition, further Panel actions may result in gaps in code number sequencing.

The following code was accepted at the July 2024 CPT Editorial Panel meeting for the 2025 CPT production cycle. This code will be effective upon receiving Emergency Use Authorization or approval from the Food and Drug Administration.

***Note that code 90695 will follow code 90668.**

Codes	Long Descriptor	Released to AMA Website	Effective	Publication
#●90695	Influenza virus vaccine, H5N8, derived from cell cultures, adjuvanted, for intramuscular use	July 19, 2024	Effective upon receiving Emergency Use Authorization or approval from the Food and Drug Administration	CPT® 2025
