### **Statement of interest**

I have served as an at large governing council member and just recently as the secretary of the OMSS. I also serve on the AMA Election committee and as its chair this year. My involvement in these roles has given me a diverse view and understanding of the AMA and its members; but more importantly the unique attitude and ethic of the OMSS general assembly. Our section serves as a microcosm of the AMA HOD. Our resolutions tend to be well thought out and germane to the business of the HOD. We serve at the critical juncture between the independent medical staff and hospital administration. My experience as an former hospital employee and my current status as an independent physician gives me salient insight into the dynamics of this increasingly unbalanced relationship and have and hope to continue to bolster the unhindered independence of the medical staff.

### **Diversity statement**

I hope to serve as a role model to others like me who are under represented in the medical field.
