CANDIDACY IN A CAPSULE

My name is Pauline Huynh and I am a PGY4 otolaryngology-head & neck surgery resident at the Kaiser Permanente Oakland Medical Center, currently applying into laryngology fellowship. **I am thrilled and humbled to seek your endorsement to serve as your next Resident/Fellow Trustee.** Over my 7+ years in the AMA, I developed the experience and skills to effectively **advocate not only for a more compassionate, equitable, and just organization, but one that empowers our members as leaders in medicine and public health.** As a former member on the AMA Council of Constitution & Bylaws, MSS Section Delegate, and RFS Chair, I am **intimately familiar with the relationship our Board has with the rest of our organization.** I learned to drive conversations that allow me to fiercely advocate for our members and patients while maintaining strong relationships with physician leaders. **I am ready to put these experiences to work.**

AMA/NATIONAL LEADERSHIP

Chair, AMA Resident & Fellow Section

June 2023 - June 2024 Immediate Past Chair, June 2024 - Present

- Represented the Section (71,000 members) as the primary officer in all activities and communications both within the AMA and with external organizations
- Directed all activities within the Section in alignment with the AMA's Strategic Plan encompassing membership development, leadership, and policymaking
- Presided over all business meetings and development of Sectional priorities
- Worked with AMA Board of Trustees liaisons, Council of Medical Education, and Med Ed business units to highlight concerns regarding trainee protections during program closures

Board of Governors Representative, AAO-HNS Section for Resident & Fellows

American Academy of Otolaryngology-Head & Neck Surgery, Sept 2023 - Present

- Serves as a liaison between the Board of Governors and the Section for Resident & Fellows, ensuring trainee concerns are relayed effectively to the Board while relaying Board activities to the Section
- Member, BOG Governance & Society Engagement Committee: engages in review of bylaws for constituent and provisional societies, the proposal of revisions or new regulations, and development of tools to optimize organizational operations
- Member, BOG Socioeconomic & Grassroots Committee represents the concerns of the practice of otolaryngology - head and neck surgery in external initiatives, advising the BOG regarding government regulations and other third-party actions that impact the practice; promote public relations activities; and review proposed resolutions for the BOG.

CAMPAIGN PILLARS

Health Equity and the Arc toward Reconciliation & Justice

- Being a proactive voice on issues of injustice and inequities
- Actively work with the Board to address barriers affecting our patients, colleagues and the future of medicine

Protecting the (Future) Physician Workforce

- Investing in trainee protections spanning licensure, scope of practice, and support during program closure
- Including critical trainee and early career perspectives on existing Strategic Plan Initiatives

Empowering Future Leaders in Medicine & Public Health

- Investing in leadership and mentorship opportunities so that our leaders reflect the House of Medicine and our communities
- Empowering members to become leaders in their communities, states, and professional societies
