

LGBTQ+ Section Policy Committee Interim Report

Carl Streed, MD, Delegate and Hailey Greenstone, Alternate Delegate

GOAL: Enhancing AMA policy, advocacy, and education on LGBTQ health and professional issues.

Strategic Plan Objectives for 2024-2025:

- The Policy committee will establish needed online tools, host committee meetings, and have assigned committee member participation and engagement to reflect the policy needs and initiatives of the LGBTQ+ Section. By Annual 2025, we will have a baseline for policy committee members and increase that by 2% by Interim 2025.
 - The policy committee and section will bring forward 2-3 LGBTQ+ Section policy initiatives at Interim and Annual.
 - The policy committee will convene regularly and engage with external stakeholders to identify 2-3 topic areas for policy.
 - The committee will create some resource to serve as a catalog of passed LGBTQ+ relevant policy.
- By June 2025, establish mutual policy priorities in collaboration with 2-3 AMA sections reflecting diverse needs of LGBTQ populations.
 - Review current LGBTQ resolutions to identify policy gaps.
 - Reach out to APS and PPPS on how providing access to reproductive care may apply to their membership.

Activities:

Sponsored 4 Resolutions:

- 004: Improving Electronic Health Records for trans and gender diverse patients
- 915: Removing barriers for sports accessibility for LGBTQIA+ people
- 916: access to GAC for trans and gender diverse people in the carceral system
- 917: Mpox global health emergency recognition and response
