

2024 Interim Meeting of the AMA Senior Physicians Section

Friday, November 8, 2024

Walt Disney World Swan and Dolphin Resort

Friday, November 8 (Eastern Standard Time)

1:30 – 2:00 pm

SPS Education Program

Title: The Latest Guidance on STIs and Immunizations for Older Adults

Program Description:

Sexually transmitted infections (STIs) among older adults is a growing concern, with rates more than doubling in the United States between 2000 and 2022 for adults aged 65 and older. The CDC and ACIP have been actively reviewing and updating guidelines regarding sexually transmitted infections (STIs) and immunizations, including the HPV vaccines. Learn the latest guidance on these two topics during this program as well as guidance for vaccines recommended for general health for those 65 years of age and older.

Learning Objectives:

- Describe the CDC and ACIP guidelines regarding sexually transmitted infections (STIs) and immunizations in older adults.
- Recognize the importance of HPV vaccination to prevent STIs and other health conditions in older adults.

Speaker:

Sandra Adamson Fryhofer, MD, AMA Board of Trustees, is a board-certified physician of internal medicine and currently serves as AMA's liaison to the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices. Dr. Fryhofer currently serves on ACIP Work Groups for Flu, COVID, and HPV vaccines, as well as the Adult Immunization Schedule.

Facilitator/Moderator: Virginia (Ginny) E. Hall, MD, Delegate, AMA Senior Physicians Section

Room: *Swan 9-10*

2:00 – 3:00 pm

Joint Education Program with SPS & WPS

Title: The Connection Between Menopause, Cardiovascular Disease, and Health Disparities

Program Description:

Menopause marks a pivotal transition in a woman's life, and it is closely linked to an increased risk of cardiovascular disease (CVD). These risks are increased by health disparities in management and treatment of patients' menopause symptoms.

Room: *Swan 9-10*

	<p>This session will examine the connection between menopause, CVD, and health disparities. Understanding this connection is essential for improving health outcomes among women, particularly the significant racial and ethnic disparities that currently exist.</p> <p>Learning Objectives:</p> <ul style="list-style-type: none"> • Discuss the risk of heart disease in menopause and the long-range effects of vascular disease. • Recognize the protective role of estrogen against atherosclerotic cardiovascular disease. • Recognize the relationship between menopause and cardiovascular disease, and how health disparities increase the risk of cardiovascular disease for patients' experiencing menopause. • Recognize that future menopause research is needed among historically marginalized populations. <p>Speakers:</p> <p>(1) Helana C. Pietragallo, MD, NCMP, Obstetrics & Gynecology, Allegheny Health, Pittsburgh, PA</p> <p>(2) Annabelle S. Volgman, MD, FACC, Cardiology, Director, Rush Heart Center for Women, Chicago, IL</p> <p>Moderator: Elisa Choi, MD, Chair, AMA WPS Facilitator: Virginia (Ginny) E. Hall, MD, Delegate, AMA SPS</p>	
3:00 – 4:00 pm	<p>SPS Business meeting AMA House of Delegates Handbook Review</p> <p>Facilitators: Virginia (Ginny) E. Hall, MD, Delegate & Douglas M. DeLong, MD, Alternate Delegate</p> <p>(1) Welcome & Introductions (2) Finalized Grid to be discussed at the SPS Assembly Meeting (Support/Non-Support/Monitor)</p>	Room: <i>Swan 9-10</i>
