In medical school, I completed a Health Policy Fellowship through the Indiana State Medical Association, participated in an advocacy day through the Consortium of Universities for Global Health, and served on the AMA's Committee for Scientific Issues. During my first year of residency, I served as a Temporary Alternate Delegate for the Resident and Fellows Section at the AMA 2024 Annual Meeting. I also participated in ICEP's Advocacy Day. This year, I am excited to have been selected as an EMRA representative for ACEP's Public Health Committee. I am also serving on the RFS Public Health Committee.
