

Pathology/Laboratory and Molecular Pathology/MAAA/GSP CPT® Code Change Applications September 2024 Editorial Panel Meeting

Pathology/Laboratory and Molecular Pathology/MAAA/GSP CPT Code Change Applications (CCAs) that have been submitted for consideration by the CPT Editorial Panel at its September 2024 meeting are listed below. These applications will also be included in the proposed Panel agenda that will be posted to the AMA website on July 12, 2024. This listing includes the code application names, code(s) affected, and a description of the request. **Until such time as the CPT Editorial Panel acts on these requests, the following information is provided for informational purposes only, giving interested individuals the information to help determine whether or not to attend the meeting and provide comment on a given topic(s).**

This listing of Pathology/Laboratory and Molecular Pathology/MAAA/GSP applications is being posted ahead of the full February Panel meeting agenda in order to provide the Molecular Pathology Advisory Group (MPAG) and the Pathology Coding Caucus (PCC) sufficient time to review comments from interested stakeholders prior to making their recommendations to the CPT Editorial Panel.

Codes that contain an 'X' (e.g., 10X24, 23X42, 03X0T) below are temporary codes that are intended to give readers an idea of the proposed placement in the code set of the potential code changes. **These temporary codes are not used for claims reporting and will be removed and not retained when the final CPT Datafiles are distributed on August 31st of each year. To report the services described by the "X" codes listed on this form, please refer to the actual codes as they appear in the CPT Datafiles publication distributed on August 31st of the corresponding year.**

NOTICE –INTERESTED PARTY PROCESS

Upon review of this agenda, if the reviewer believes that they will need to provide comment on an issue, they must seek Interested Party status by [submitting a request](#) for a copy of the application and associated materials. **Requests are to be submitted through the Smart App's CPT Interested Party dashboard.** Those interested in review of the agenda materials are required to complete this form in full.

Any interested parties wishing to provide written comments on any agenda items should be aware of the following relevant deadlines for provision of written comments on the agenda to ensure comment review by all parties. Additional verbal comments on any issue can be provided in person at the Panel meeting following a statement of conflict of interest. The applicant(s) who submitted the original code change application is automatically considered an interested party and is notified by AMA staff of any request for review submitted by another party.
